Preschool Assessments

EARLY SCREENING INVENTORY-REVISED (ESI-R)

The ESI-R is a developmental screening tool designed for students ages three to six. It is individually administered to all students upon entry to the preschool program providing insight into possible beneficial specialized or individual classroom instruction for particular students.

-Any new preschool student ***Administered during October***

-If score of "rescreen" ***Administered during December-January***

LINKIT "TOOLS OF THE MIND" ASSESSMENT

The *Linkit* "Tools of the Mind" Assessment allows teachers to document the skills, knowledge, behavior, and academic accomplishments of their students in three domains in an intentional, systematic way. These domains include: *Social/Emotional Development, English Language Arts, and Mathematics.* Student Portfolios are an intentional, systematic collection of samples of student work showing growth over a period of time in order supporting the assessment documentation.
