CTABUT™ Software Purchase Order Notice

A signed copy of the license agreement must be returned with your order form to obtain delivery.

STEP ONE:

Designate the number of Concurrent User licenses to be purchased (which determines total purchase amount):

Number of Concurrent Users:

The license fee is **\$1,200 per Concurrent User** for up to two Concurrent Users and **\$1,000 per Concurrent User for each additional Concurrent User in a single order**. Orders may not be aggregated for the purpose of calculating the license fee. (E.g., the fee for 5 Concurrent User licenses in a single order is $\$1,200 * 2 + \$1,000 * 3 = \$5,400$.)

STEP TWO:

Choose only one of the following options.

Workstation Installation Option:

☐

CTABUT™ to be installed on one individual workstation for each Concurrent User license purchased. A separate authorization code will be provided for each workstation. Authorization codes are machine specific and cannot be shared.

Centralized Network Server Installation Option:

☐

CTABUT™ to be installed on a single networked Windows computer that will act as a server. A single authorization code will be provided for that server. The customer does not have to obtain authorization codes for each workstation that accesses the server. ***Concurrent Users are allowed up to the number of licenses purchased.***

STEP THREE:

Provide the installation address(es) and phone number(s) below and complete the publications order the follow in its entirety and fax or mail it in to the Publications Unit:

Installation Address (address of site(s) where the software will be used (if different from the company address required on the order form below)):

Installation phone number(s):

Please note:

1. At this time we cannot and do not accept emailed orders. We apologize for the inconvenience.
2. The signature and the card holders name listed on the order form **must** match in order to process your order.
