

Lesson Plan Idea Format

15 Points

Grade Level & Subject Area Preschool to second grade.

Arkansas Framework: (____/2 points)

[CCSS.ELA-Literacy.RL.K.2](#) With prompting and support, retell familiar stories, including key details

Objective (What are the students' going to accomplish): (____/1 point)

The student will be able retell a fairytale or story of their own choice using the Puppet Pal's Ipad App

Materials: (____/1 point)

IPad, Puppet Pals App, writing journal, blank sheet of paper, pencil.

Procedure: (____/5 points)

O.k. class, today we will create a virtual story telling using the Ipad. Everyone get out your writing journals.

Each student will write in their journals a retelling of any story or their choice. It can be a fairy tells, a short film, or a story that you recently read.

Their film has to be 2-3 minutes long. You each will have only 10 minutes to record them at the end of the week so make sure you all use your time wisely so you will be prepared for filming Friday.

You will each create your own film or short story depicting your version of the story in your own words. Remember it is your story and your account of the events, so your short film or play will reflect what you think is important in the story.

You will be passed out a blank sheet of paper. This sheet of paper will be used for sketching and brainstorming your set up.

There will be a class voting at the end of the week for the best film. The winner will be granted 30 minutes of App time on the Ipad and have their name placed in the bucket for our class weekly participation drawing.

The students will be given 30 minutes each day to work on and compose their own short film for one week. Day 1 they will begin brainstorming, day 2 and 3 they will begin exploring themes and options for their stories. We will also take pictures and upload needed photos for each student's stories on the I pads. Day 4 we will do the recordings; this may take up to one hour. Day 5 we will present and vote.

Assessment (How will the students' show you that the objective has been met):
(_____/1 point)

The students will be informally assessed on the basis of their film having at least one background, two characters, and is told with as a story with the Puppet Pals App

A Brief Description of the Entire Lesson: (_____/5 points)

The students will tell any story or fairy tell of their choice using the Puppet Pal app. Students will write in their journals the recalling of their short story, sketch an illustration of their set or brainstorm it on the blank sheet of white paper, and then record themselves retelling the story of their choice, using the props of their choice. This assignment will take approximately 30 minutes of class time Monday-Wednesday, and approximately 1 hour Thursday and Friday

Total: ____/15 points

**(I should be able to see and understand your entire lesson by reading this.
Remember, Technology is not the lesson. It enhances the lesson)**
