Heart box (base)

1

Cut a sheet of A4 half lengthways.

2
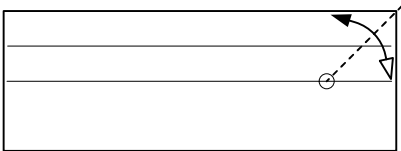

Keep the other half for the lid.
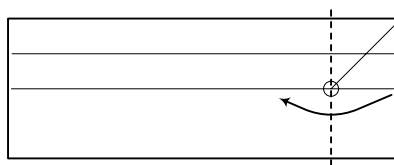

3
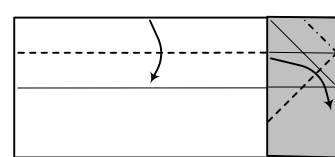

4

5
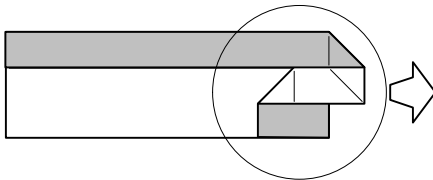

6
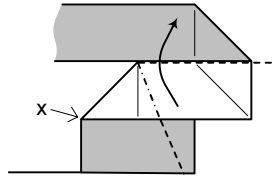

Squash fold.

6b
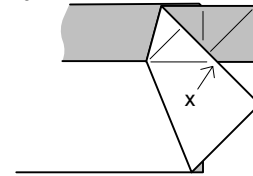

7

Squash fold so that 'X' lies along the horizontal edge....

x

7b

....Like this.

x
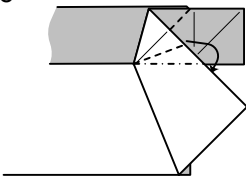

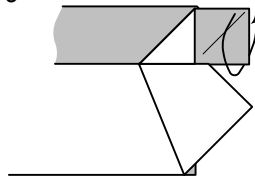

8
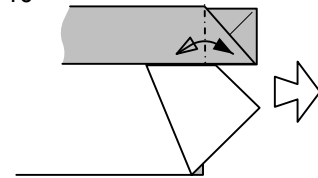

Swivel some paper behind.

9
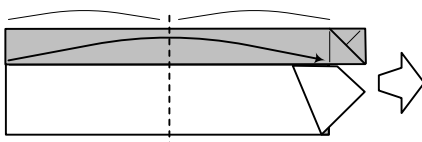

Wrap one layer behind.

10
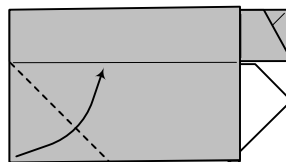

Mountain crease the 'tab'.
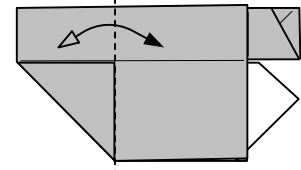

11

12
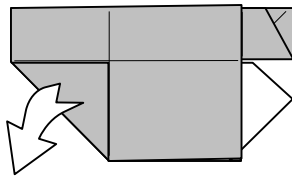

13

Crease through all the layers.
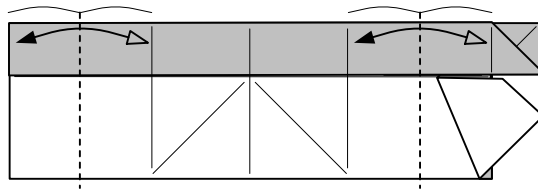

Heart box (base)

14
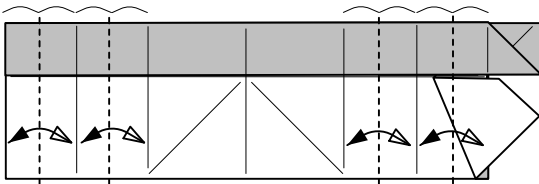

Unfold back to step 11.
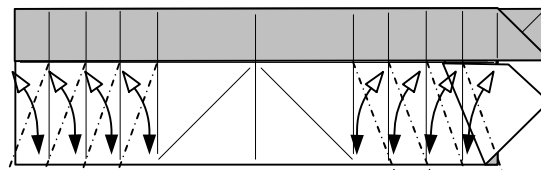

15

16
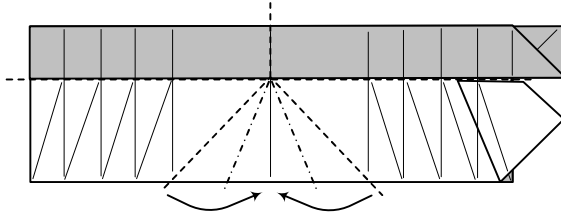

17
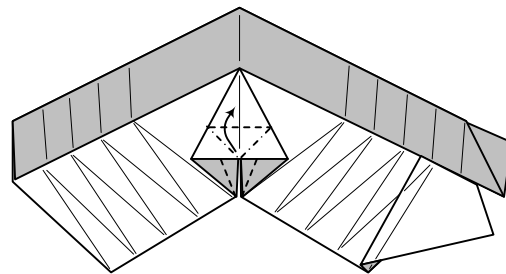

Mountain crease the diagonals.

18
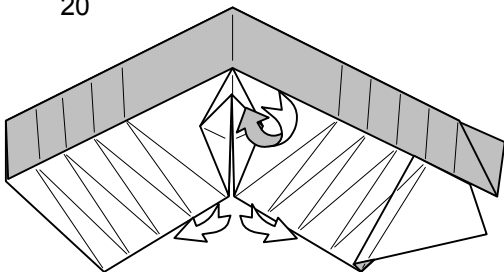

Squash fold.
Model becomes 3 dimensional.

19
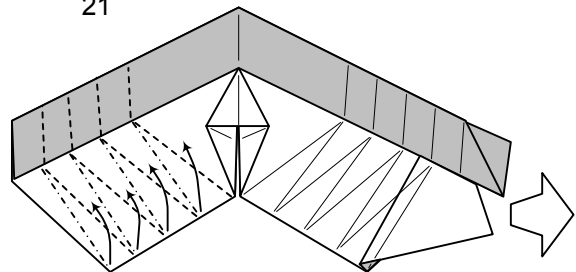

Petal fold.

20

Tuck point up inside.
It's easier if you seperate the bottom
edges during the move.
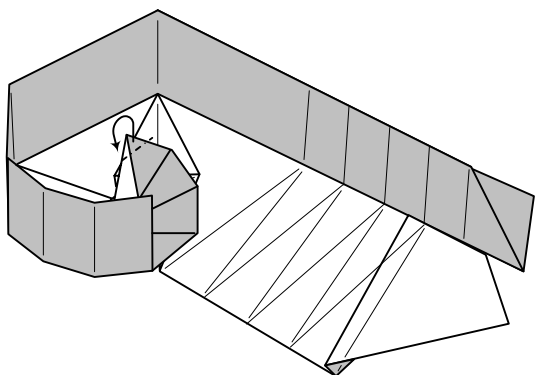

21
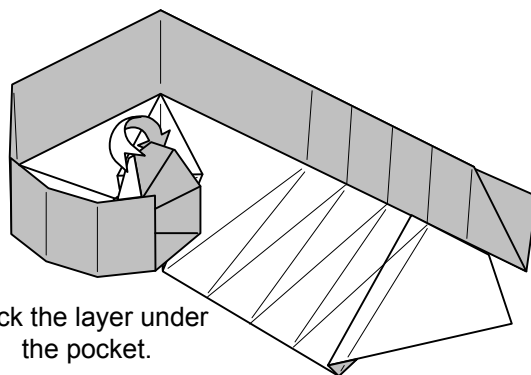

Swivel 4 segments.

Heart box (base)

22
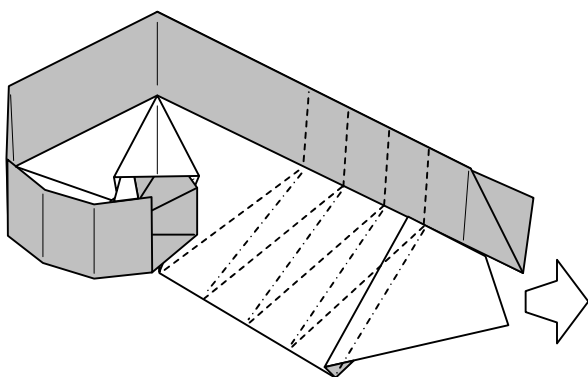

23
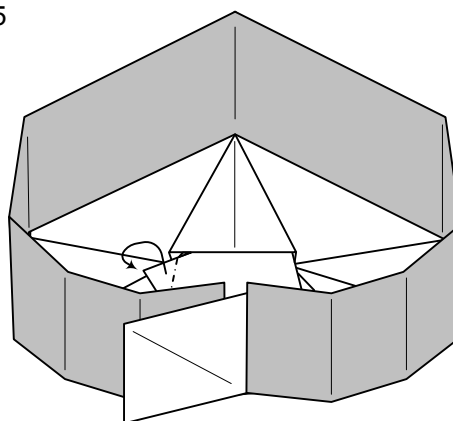

Tuck the layer under
the pocket.

24
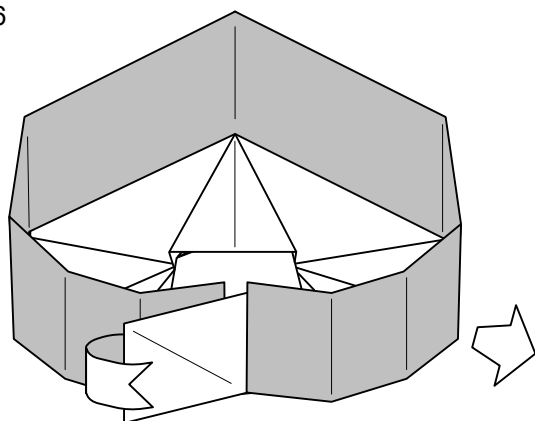

Repeat steps 21-23 on this side.

25
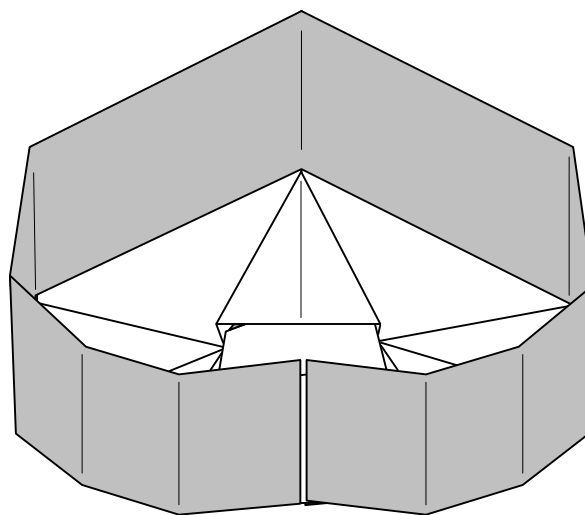

Tuck behind to lock.

26
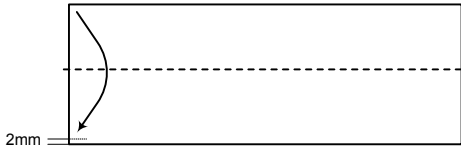

Slide the tab into the pocket.

Now for the lid....

Heart box (lid)

1

2mm
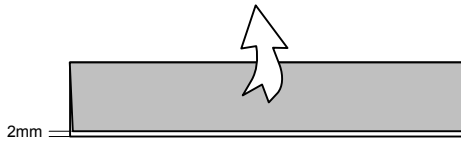

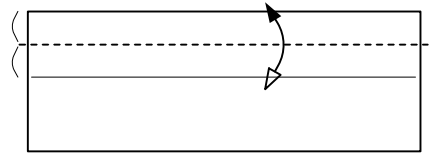

Fold the top edge so it is about
2mm from the bottom.

2

2mm
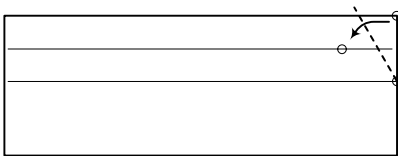

Unfold.

3
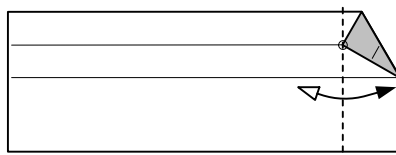

4
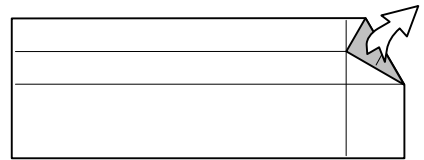

Fold so that the top corner lies on
the horizontal crease.

5
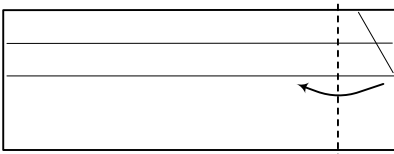

Crease using the circled corner as
a guide.
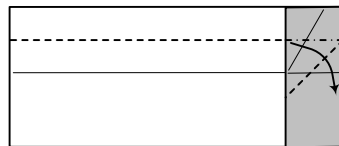

6

7
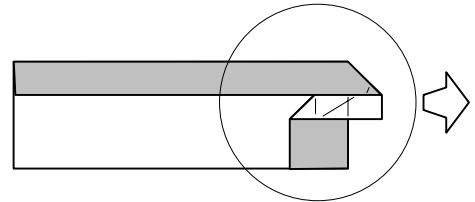

8
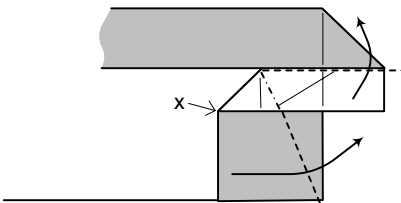

Squash fold.

8b
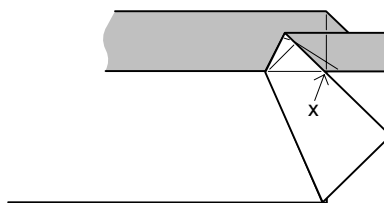

9
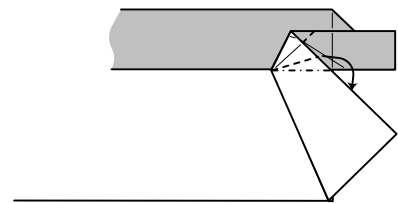

Squash fold so that 'X' lies along
the horizontal edge....

9b
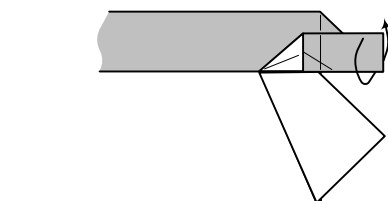

.....like this.

10
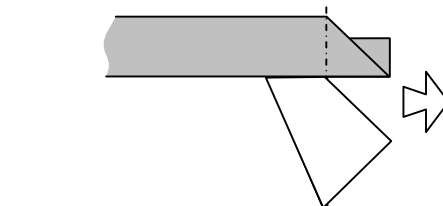

Swivel some paper behind.

11
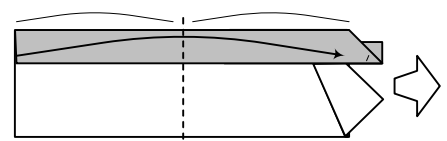

Wrap one layer behind.

12
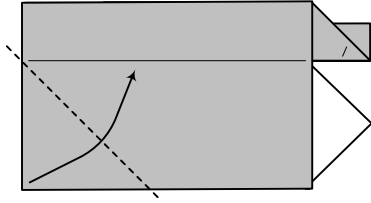

Mountain crease the 'tab'.

13
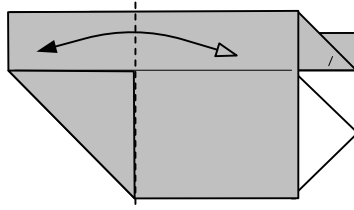

Heart box (lid)

14
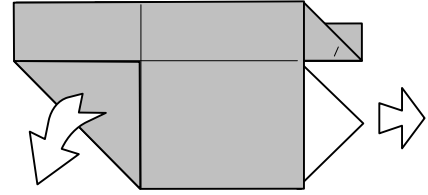

15
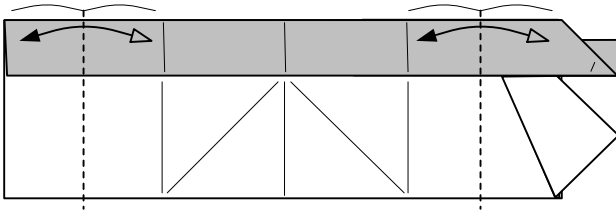

Crease through all the layers.

16
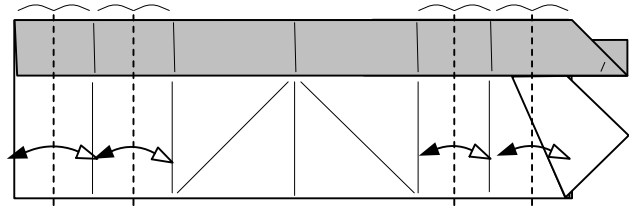

Unfold back to step 13.
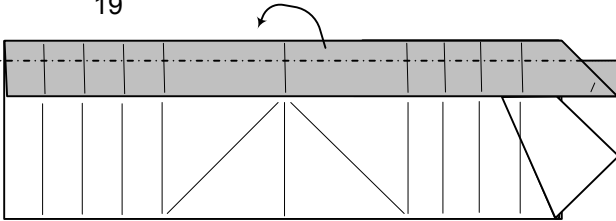

17

18
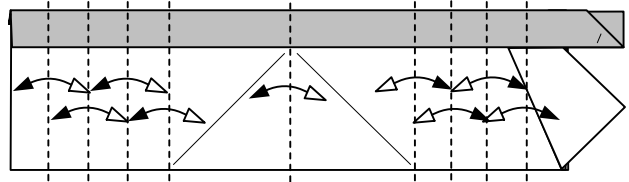

19
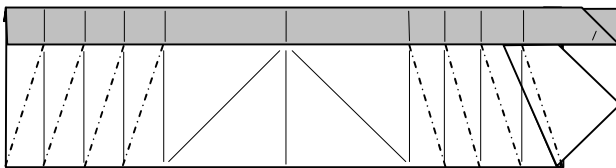

Mountain fold using the tab as a guide.

20
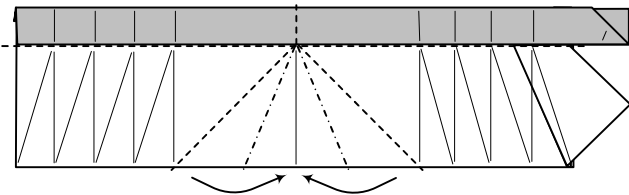

Reinforce as valley folds.

21
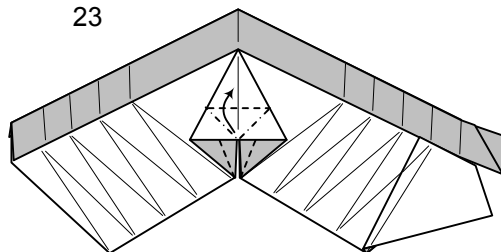

Mountain crease the diagonals.

22
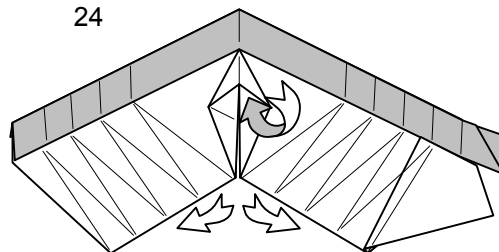

Squash fold.
Model becomes 3 dimensional.

23

Petal fold
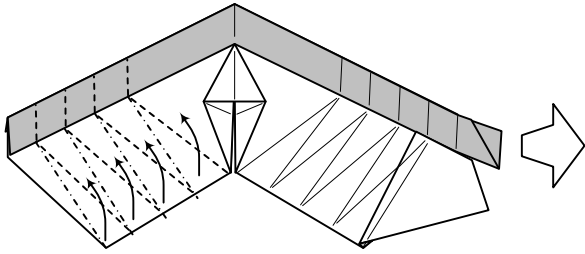

24

Tuck point up inside.
It's easier if you seperate the
bottom edges during the move.
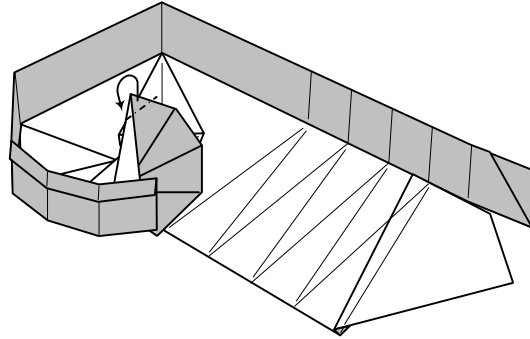

Heart box (lid)

25
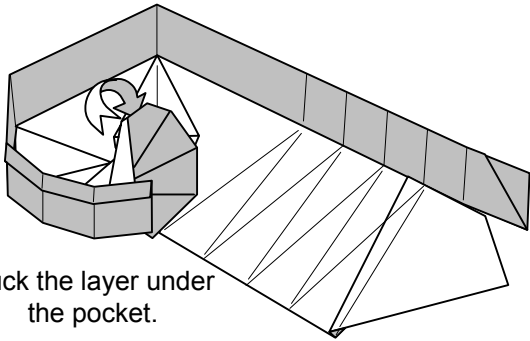

Swivel 4 segments.

26
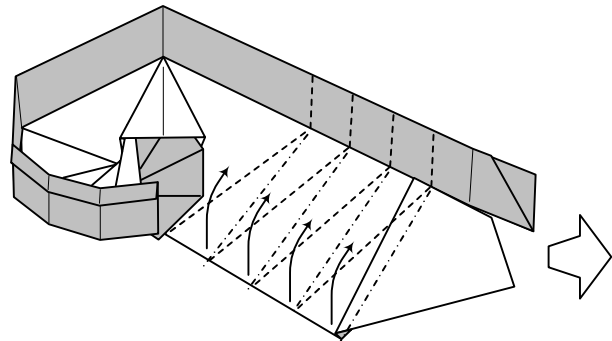

27
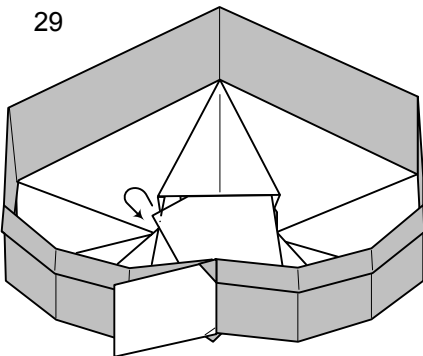

Tuck the layer under
the pocket.

28
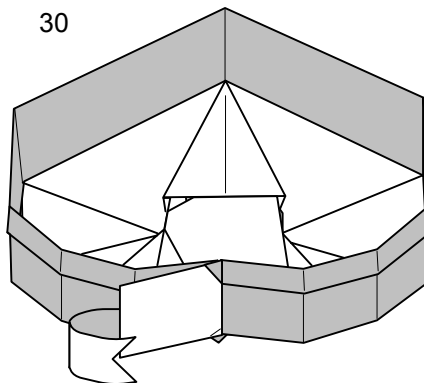

Repeat steps 25-27 on this side.

29
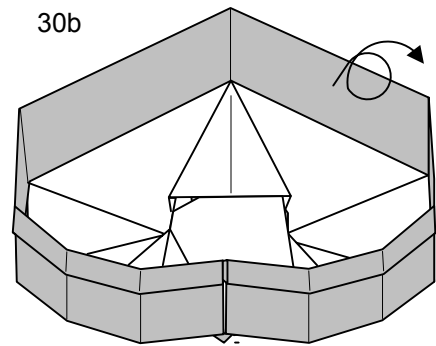

Tuck the small flap behind to lock.

30
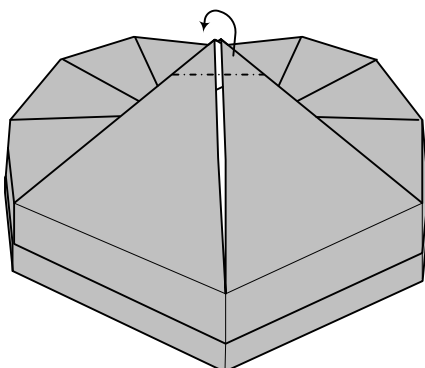

Slide the tab into the pocket.

30b
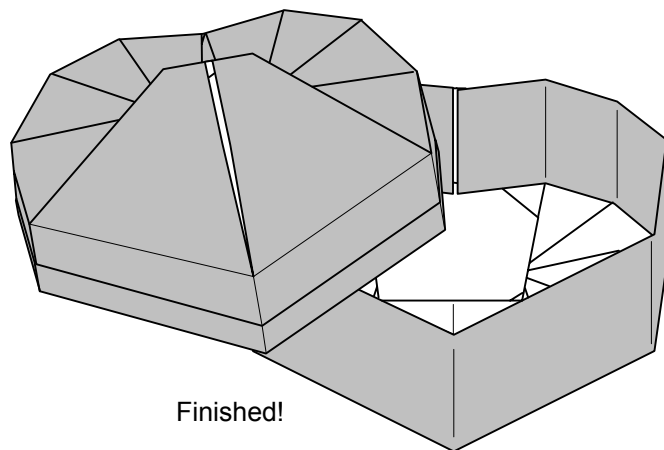

Turn over

31

Mountain fold the tip inside the model
(you may need to reorganise the hidden
layers to free the tip).

Finished!
