Extension Description

Donations Ultimate extension allows you to accept donations from your customers. Donation can be added to an order total from a product page, right before the checkout process from customer's shopping cart, from a CMS page or directly on the last checkout step.

Donation purpose text can be easily configured via CMS Static block. You can set a minimum donation amount you accept.

You can also add charities and collect donations for specific organizations. Donations will be separated by the charities so that you will see how much every charity received.

Reports that display every order with donations will allow you to know how much you received and what customers donated.

Admin can view and export to CSV or XML donations statistics from Magento Admin panel for the selected period.

Extension Installation

- 1 **Disable Compilation Mode if enabled**
- 2 Log out from Magento Admin panel if you are logged in
- 3 Unpack the contents of the 'extension' folder (depending on your current Magento version) from the package file purchased from MageWorx to your Magento root folder
- 4 Log into Magento Admin Panel
- 5 If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
- 6 Run Compilation Mode back if necessary
- 7 Now go to 'System > Configuration > MageWorx tab > Extensions & Support' section. If you see 'Donations Ultimate' in the list of installed MageWorx extensions you are done.

 What We Do
 Founded in 1979, Feed The Children is consistently ranked as one of the largest international charities in the U.S., based on private, non-government support. Feed The Children is an international, nonprofit relief organization with headquarters in Oklahoma City, Oklahoma, that delivers food, medicine, clothing and other necessities to individuals, children and families who lack these essentials due to famine, war, poverty or natural disasters. In FY 2011, Feed The Children distributed more than 104 million pounds of food and other essentials to children and their families in all 50 states and internationally.

Sort Order

Status *

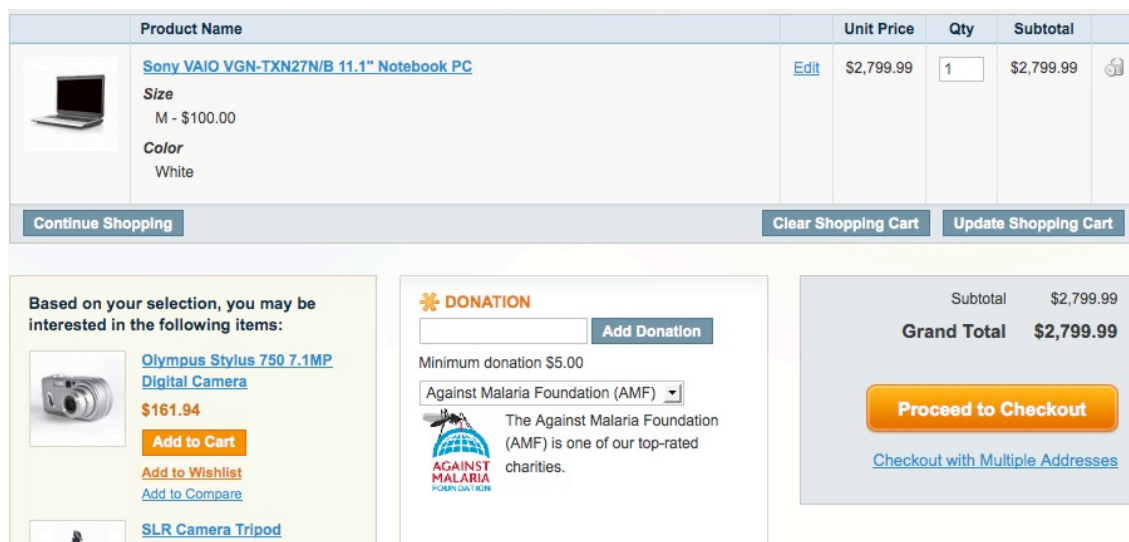

Here you can specify a name, description, upload a logo, specify a sort order and the status of this charity. HTML code is allowed in the description.

Customers will see the charities in the the pop-up on the front-end when they click on “Add Donation” link (it’s related to adding a donation from a product or CMS page):

Customers can select a charity they want to donate to, specify a donation amount or remove the donation (if they are editing already added donation).

Charities will also available at the cart page:

Admin can also select charities when creating orders manually from the back-end or editing already placed orders.

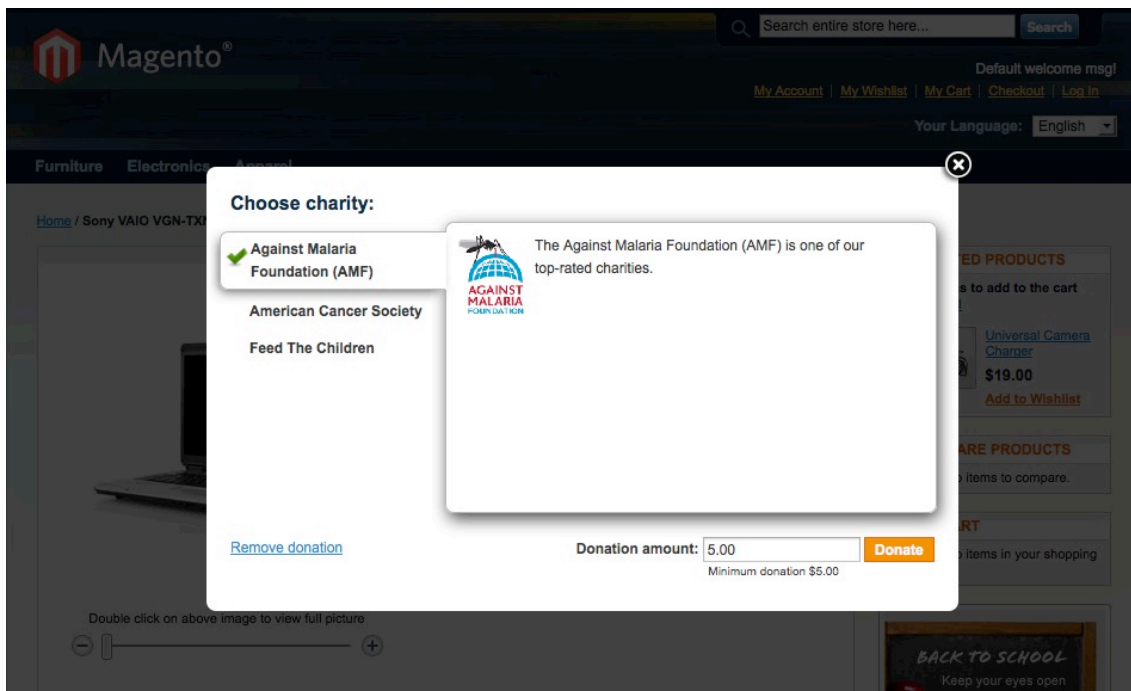

You can select a default charity, which will be pre-selected on the front-end.

Product Donations

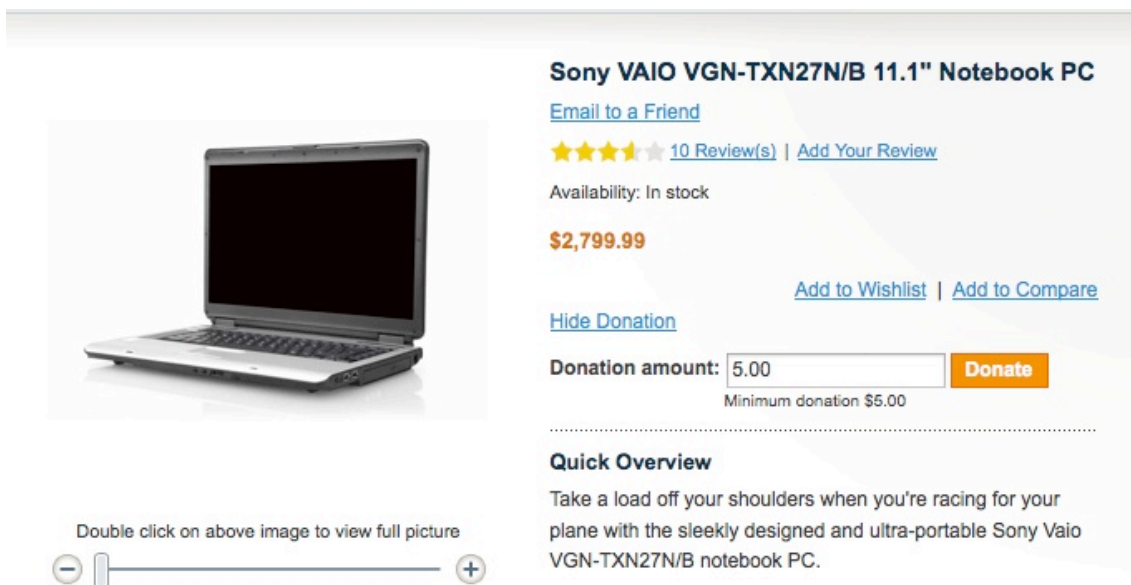

Donations Ultimate adds the “Add Donation” link to product pages. Customers won’t miss this link and it doesn’t overload the product page with extra fields at the same time:

If the charities are enabled and added, this link will open the pop-up for selecting a charity and adding a donation for it:

If the charities are disabled or you didn't add any charities yet, this link will expand the fields for adding a donation directly on the product page:

This form is displayed and hidden without a page reload.

Customers can donate without purchasing anything from your store. In this case a donation product will be added to the cart (this product is created in the extension's settings).

Cart Donations

Customers can add donations directly from the cart page. The donation block is displayed there. It can display charities (if enabled) or no (if disabled):

Adding donations to CMS pages allows you to create specific pages for accepting donations.

The codes available for adding the donation to CMS pages:

```

{{block type="donations/donation"template="donations/cart_donation.phtml"}}
{{block type="donations/donation" template="donations/product_donation.phtml"}}
<a onclick="donations.togglePopup()">Add Donation</a>

```

Checkout Donations

This feature makes the extension absolutely incredible. Now you can add donations option to almost any sites without any negative effect to your reputation. Your customers will see a check-box on the last checkout step offering them to donate a small amount to a default charity added in your site or you can specify a custom message to be displayed there:

1 Checkout Method
2 Billing Information
3 Shipping Information
4 Shipping Method
5 Payment Information
