

# Prayer List

## March 2013

### **Susan Lindhold prays ...**

- + for her sister, Kate, who was suddenly (and preliminarily) diagnosed yesterday (Friday) with what could be cancer that has already spread to the brain.

*This morning's update:* Thank you so much for your prayers. We got, what looks like, more good news last night. The 3 centimeter spot on her brain which the original ER doctor thought was a tumor, is probably mostly blood. They did another CT scan last night but we haven't heard the results yet. A small spot looked like it could be a tumor but not sure yet. Either way, it's better news than earlier. Apparently whatever it is (tumor or aneurysm) started bleeding Thursday night which is what caused her to lose much control of her legs and to a lesser degree her arms.

- + also for strength for another family member who is escaping from addiction

### **Marilyn Peterson prays ...**

+ For neighbors going through a divorce.

+ For those that have lost their jobs and homes and are struggling to make ends meet.

### **Bobbi Griffith prays ...**

+ Peter's dad had emergency surgery on Christmas day. He has been in and out of the hospital, intensive care, the nursing home. He is back home now with nursing care coming and as best we can tell has given up on the desire to even get out of bed. His mom is trying to encourage him to get out of bed... and after 50 years of marriage.. and being in their 80's... stressful.

+ My dad is scheduled to be released from the nursing home on Thursday. His Parkinson's is getting worse, and he's type 2 diabetes and won't follow the diet.

+ My sister is scheduled to meet with a specialist in Pittsburgh in March as she was diagnosed with Paget's disease of the breast in November, a rare and aggressive cancer. They thought they got it all .. and the January Pet scan was clean.. but she now has some pain...

+ The loss of our family friend... Matt Smith earlier this month. The 24 year old special needs boy.

+ Work is a challenge.

+ Termites ate the front window of the house! So much for treatments and quarterly inspections... we have no idea the extent of the damage.

+ In thanksgiving — In spite of everything, we are all doing fine and we have so much to be thankful. Our bible study, my 4th Grade Sunday School class, and the Purpose drive Life reading have been keeping me grounded.

**Dell Schell prays ...**

- + A Prayer of Thanksgiving that God is making Himself known in all parts of my life. Not saying that life is perfect but that there is Peace in the chaos.
- + Pray for Discipline, Charity, Humility, Stewardship.

**A member prays ...**

- + I seem to always be in a job/money struggle which is becoming very frustrating!

**Kim Hyland prays ...**

- + Sloan and Spencer's school, Charlotte United Christian Academy, is facing a challenge and we are needing prayer. Garr Church had decided to pull out of the ministry and lease the building to a public charter school for next year. After many discussions, meetings, etc. it's looking as if they may have a change of heart. Resurrection Church would like to buy the school outright and takeover the mortgage and not have to face the fear of Garr changing their mind at anytime. That would be the best for all. we would settle for a 5 year commitment, giving Resurrection the chance to start a building fund. Anyway, prayers are needed for the right decision to be made that these many families know that their children will have a solid, Christian school to attend.

**Sue Martin prays ...**
