Designer Invoice Template (Blue) Features and Facts

Designer Invoice Template (Blue) or **Designer Billing Form (Blue)** is a customized version of [Designer Invoice Template](#) or [Designer Billing Form](#). As a sample invoice of customization we changed the color schema of the original template to create a new visual effect.

If you are a web designer looking for web design invoice template, or a graphic designer looking for graphic design invoice template, you might why some invoicing system, even those complex ones, lack options for customizing their invoice format and layout. Designer Invoice Template (Blue), which you can download for free - either the freeware edition, or the Uniform Invoice Software edition, demonstrates how easy it is to change an invoice template in Microsoft Excel spreadsheet format. By simply change the colors of an invoice template, it gives a complete different look and feel. Whether you are a freelancer or a small / home business, you can make your invoices look beautiful and professional by using our templates like **Designer Invoice Template (Blue)** or **Designer Billing Form (Blue)**. As an invoice design inspiration, InvoicingTemplates.com is providing another sample designer invoice template for free, which is [Designer Invoice Template \(Gray\)](#) or [Designer Billing Form \(Gray\)](#).

Each of our templates comes with two Excel spreadsheet formats - one that could be used without the installation of Uniform Invoice Software, and the another that should use with Uniform Invoice Software. A fillable PDF designer invoice template / billing form is also downloadable.

All templates on InvoicingTemplates.com are professional and beautiful invoice templates that are full editable layered invoice template. Our templates don't use macros and are not protected with passwords so that you can use all existing Excel tools to customize it - colors, fonts, borders, shapes, word arts, images, and more. Most of our templates, including this Designer Invoice Template, are printable on standard A4 paper.

Designer Invoice Template (Blue), like the other invoicing templates here on InvoicingTemplates.com, are a great choice for businesses, corporates, small / home businesses, consulting, freelancers, sales businesses or a contractor as well. If you were searching for invoice templates then you have landed at the right place because here you will not only get free invoice templates but premium invoice templates too. You may be in a corporate, sales business, consultancy firm, contractor, freelancer, Web designer or any other business, one thing you will need for sure and that is an "Invoice Template" for billing purposes. But at times, you find invoices which are either too boring, hard to customize or sometimes, you just don't find the right for your business. That's where a well designed invoice template can play a vital role because these templates not only gives you flexibility to use them on multiple platforms but also allows easy customization. Designer Invoice Template (Blue), like all the other fill-in-blank invoicing templates here on InvoicingTemplates.com, are in Microsoft Excel spreadsheet format. You get all familiar Excel tools for customizing Designer Invoice Template (Blue). For this reason, you can just use Designer Invoice Template (Blue) as a starting point of design your own invoice template that exactly meets your business style.

Designer Invoice Template (Blue) / Designer Billing Form (Blue) was designed to show no currency symbols on invoices or proposals. If you have the need to show a currency symbol, it could be easily done with Excel tools, as detailed below.

To change the currency symbol of **Designer Invoice Template (Blue)**, first make sure you've unprotected **Designer Invoice Template (Blue)** spreadsheet. Select the cells (fields) for which you want to modify the currency symbol, by dragging your mouse to select multiple cells on **Designer Invoice Template (Blue)**, you push CTRL key on keyboard and click each cell on **Designer Invoice Template (Blue)** one by one, and then right-click one of the selected cell and choose Format Cells. From the Number tab, you can choose either "Currency" or "Accounting" from the Category list. Note that currency formats are used for general monetary values, you should use accounting formats to align decimal points in a column.

Designer Invoice Template (Blue) is provided in two editions - a freeware editions of **Designer Invoice Template (Blue)**, and a Uniform Invoice Software edition of **Designer Invoice Template (Blue)**. Both editions can be downloaded for free from the download page. A PDF edition is also provided at the right section of this page.

The freeware edition of **Designer Invoice Template (Blue)** provides exactly the same form layout and design in Microsoft Excel format as the Uniform Invoice Software edition of **Designer Invoice Template (Blue)**. The most noticeable difference, at the first glance, is that the Uniform Invoice Software edition of **Designer Invoice Template (Blue)** contains many buttons on it, such as Customers, Products, Invoices and Reports, etc. These buttons calls features and functionalities implemented by Uniform Invoice Software. For example, if you click "Save To DB", the Uniform Invoice Software validates and checks the current document on **Designer Invoice Template (Blue)**, generate a unique invoice number automatically (if necessary), and then save it to the backend database.
