Dear Nosheen Dad,

As you are aware, I have been faced with a difficult decision due to unforeseen circumstances, and today I have resolved this issue. With my deepest regrets I have to inform you that I have to resign from my post as Vice President of Wellbeing and Equalities, with effect from Friday 13th September.

I wanted to explain the reasons for which I have decided to leave. Nursing regulations state that I have only 5 years to complete my course. If I were to return in September 2014, my original intended return date, I would have been unable to complete my degree, as my course have informed me that it would have been highly unlikely due to student numbers and placement availability.

Nursing for me is a vocation and not just a career. I felt that I had to think long term and decide what was best for my career. I have enjoyed the past three months immensely and I have loved working with a strong, enthusiastic and a driven team, which have all become great friends. During my time at the Students' Union, I have been inspired to make change and I have learnt skills that will help me throughout my lifetime. I will be extremely sad to leave as the Students' Union is a great place to work, filled with brilliant individuals who have been nothing but friendly.

I know that as President, you will carry forward the student issues that I have been working on during my time in office and help improve student life where I have not been able to this year. I have every faith in you and the team to carry on my responsibilities.

I want to wish yourself and the team every success this year with your objectives and I know that the team will do an amazing job and achieve immense change for students. I still share the same passion as you all in that we are here to make student life better, and for that I am deeply disheartened to leave. This has been a very hard decision to make, one which I have not made lightly, and I hope to stay in touch with you all.

Thank you very much for all of you support, you have been a great president and a friend. I would also like to wish all of the staff at the Students' Union good luck and best wishes and a massive thank you for all of their support and kindness.

Yours Sincerely,

Emily Wright.

Vice President of Wellbeing and Equalities
