

Job Description - Jr. Business Analyst for SAP-Implementation (m/f) (140004P3)

Keyname : Nespresso - Sundheimer

Jr. Business Analyst for SAP-Implementation (m/f)(Stellenangebotsnummer: 140004P3)

About NESPRESSO Jobs at Nestlé

The Nestlé Nespresso SA Company is the fastest growing operating unit of the Nestlé Group, the world's leading food, beverage, nutrition and wellness company. While benefiting from Nestlé's expertise, Nestlé Nespresso is a strategic business unit in its own right, with overall responsibility for its research and development, the supply of its raw materials as well as the production and the marketing of its premium coffee products. By joining Nestlé to support Nespresso, you'll be a key member of the Regional Business Solution team in Europe.

Join our team and become a

Junior Business Analyst for SAP-Implementation (m/f)

MISSION OF THE JOB:

As a member of the team you are supporting the deployment of a new business solution which includes SAP and cutting edge digital & mobile applications. In this role you will be required to travel within Europe and working abroad for several months is crucial.

RESPONSIBILITIES:

- Lead functional area of the project, take accountability of project deadlines
- Taking part in process mapping and solution design for your functional area
- Ensure the tools, including SAP, are tested and deployed to the markets
- Train super users in the markets and provide continuous support on the usage of the tools
- Provide reporting and updates of projects and communicate with all stakeholders and departments that are involved (Commercial, IS/IT ...)
- Develop and improve standards, processes and systems on a continuous basis

REQUIREMENTS:

- University degree or equivalent experience
- Past exposure in project management and business development with a strong interest in innovations, business applications and technologies
- Very good organization skills and ability to prioritize and multi-task
- Good teamwork and collaboration skills
- Good problem-solving and critical thinking skills

- Ability to work in a fast-paced environment
- Attention to detail and high level of accuracy
- Good knowledge of MS Suite Office required, especially Excel and PowerPoint
- SAP knowledge not required but a plus
- Knowledge in training execution is a benefit
- Excellent communication skills both written and verbal in English. Other languages are a plus

Please submit your application in English and upload all relevant documents, e.g. cover letter, your CV, university certifications, internship or work certifications, project certifications, etc.
