

MJP Physical Therapist Job Description:

MJP's physical therapy is an integrated approach that complements the athlete's skill enhancement. Working together, our physical therapists and performance specialists develop a planned and coordinated approach to ensure that rehabilitation, recovery and training work are linked to strengthen the upper and lower body, building total-body strength, power, endurance and balance. This process will help prevent future injuries and enhance athletic performance.

Our clinic is designed for rehabilitation of injured youth, competitive adults and professional athletes who transition back into their sport or active lifestyle, while receiving individualized care.

Duties and Responsibilities:

- MJP PT will adhere to all MJP policies and standard operating procedures as outlined in the MJP employee manual, including specific duties outlined below.
- Assist in the development of the Michael Johnson Performance rehabilitation system in accordance with all local, state, and national laws and regulations, as well as licensing and insurance certification.
- Reviews and evaluates physician's referrals and patients' records to determine physical therapy treatment requirements.
- Performs patient tests, measurements and evaluations and record findings to aid in developing and/or revising specifics of the treatment program or training program.
- Administers appropriate treatment as indicated. Instructs, motivates, and assists patients to achieve their goals.
- Evaluates all incoming training athletes utilizing the MJP Pre-Val systems to determine training level and safety.
- Provides findings of Pre-Val in formal report to both coaching staff and MJP athlete; makes specific corrective exercise recommendations to MJP Performance Coaches based on information from the Pre-Val.
- Appropriately supervises and directs PTA's or other support staff in providing patient care and performance of their job responsibilities.
- Records patients' treatment, response, and progress daily within MJP documentation format.

- Completes documentation requirements and billing procedures in a timely manner per policy.
- Updates treatment plan and/ or reevaluates patients as needed to ensure optimal outcome.
- Interacts and consults with other medical services with regard to patients' status. Develop relationships with outside medical support staff, including but not limited to orthopedic, internal medicine, dental, chiropractic and massage.
- Is responsible for assisting Billing Service, as requested, to complete billing in a timely manner.
- Works directly with administration staff on weekly patient schedule development, patient reschedules/cancellations, and Pre-Val scheduling.

MJP Physical Therapist Qualifications:

- Registered/licensed Physical Therapist in State of Texas
- 6+ years of clinical experience in orthopedic outpatient and/or sports medicine setting
- Competitive sports background preferred but not mandatory (either as former competitor or provider of sports medicine services to competitive teams or individuals)
- Licensed Athletic Trainer preferred but not mandatory
- Advanced training/certification in soft tissue management (including Graston, ASTYM, or other)
- Advanced training/certification and demonstrated experience/clinical excellence in manual therapy technique
- Advanced training/certification in strength & conditioning (including NASM, NSCA, or other)

MJP is an equal opportunity employer
