Contractor represents that it has, in its role of construction contractor and not as a design professional, (i) familiarized itself with applicable building, plumbing, mechanical, electrical, fire and other codes, rules, regulations, ordinances and laws bearing upon the Work consistent with the standard of care and industry standards applicable to the Contractor, (ii) carefully studied the Bid Documents with each other and with information furnished by the Owner and Owner Consultants and (iii) carefully inspected the property for as-built conditions (iv) advised the Owner in writing of any errors and inconsistencies in the Drawings and Specifications and variations from site conditions that it discovered and any changes to the Drawings and Specifications which, in Contractor's experience, will be required to complete the Work. The Contractor represents that, except as the Contractor may advise the Owner in a written notice with its bid submittal, the information available to the Contractor is sufficient in content and detail to complete the Work and to enable the Contractor to deliver, within the Bid Sum and the proposed construction time schedule, a fully completed Project with all appurtenant improvements without the need for any change the Contract Sum specified in the Bid.
