Tuesday: Math Page 21 from Unit 1.

Wednesday: Math word problems worksheet due on Wednesday.

Thursday: Vocabulary use each spelling word in a sentence. Watch your spelling & punctuation.

Friday: No homework - Have a great weekend!

Math

Over the next couple of weeks we will be working on multiplication arrays and division problems that come in many ways. Our first major unit is multiplication and working with arrays. The students will learn around the school and document things they are in arrays. The students will draw the arrays and then read more on my website.

Everyday in math class, the students take a timed multiplication test. They are given 100 problems and have 5 minutes to complete all of them. All students started on the 2's test on the first day of school. Once a student passes, they move up to the next level until they pass their 12's. Once the students...

Science

This week in science we are learning about rocks and minerals. We are also learning about weather and the sun.

Remember to work on your science fair project coming up next month.

Click the links for wonderful science websites & files hand chosen by me or visit discovery.com

Social Studies

This week we are learning about the 50 states and their capitals. Also we are having a lesson on world geography on Monday.

Please review your social studies books and practice the state capitals. Please remember to read in your history books pages 55-59 for review.

Click the links below to visit my fun websites and learn more.

Communication Arts

The students will read the story 'The Mystery of the Missing Lunch'.

The skills this week are: Problem and Solution.

The strategy we are working on is: Making inferences and analyzing.

Vocabulary Words

assignments: work given by others to be completed by you

allergies: an abnormal reaction of the body to contact with an allergen, such as grass or dust

accuse: To charge someone with wrong doing

suspicious: tending to cause or excite suspicion; questionable

evidence: that which tends to prove or disprove something
