Please join us for our informative lunch and learn where we will cover the capabilities of GPR and the other services we provide.

Regards,

NATIONAL GPR SERVICE, INC.

ABOUT NATIONAL GPR SERVICE, INC.

National GPR Service, Inc. (NGPRS, Inc.) is a privately-held corporation that began in 2001. Today the company operates as a diversified Ground Penetrating Radar (GPR) firm, offering services in high resolution concrete imaging, utility locating and geological explorations.

NGPRS, Inc. helps all customers achieve their goals - anywhere in the nation. NGPRS, Inc. maintains its company headquarters in Minneapolis, Minnesota, and supports 60 satellite offices throughout the nation. In February 2013, NGPRS, Inc. became the first and only GPR firm in the nation to offer licensing to approved contractors.

Our business philosophy is dedicated to trusting relationships, excellence in performing services, and using the most advanced technology. We have built a reputation for being a solid and progressive company that is trustworthy, responsible, and a leader in our industry and in the communities in which we live and work.
