

# Community Questionnaire and Community Survey

The Community Questionnaire and the Community Survey on the next pages may be photocopied for your use. To photocopy, copy the page that has the form you want to use on *the front and the back of the same paper*; that will give you two two-sided forms, each of them 4¼" x 11".

**The Community Questionnaire** is a tool for making witnessing opportunities. Do not give this questionnaire to the people you are polling. Ask them the questions and fill in the answers as you go. Engage in friendly conversation as you do so, if they seem open. Be quick to talk about Jesus.

This form is also downloadable at [www.clp.org/fishersofmen](http://www.clp.org/fishersofmen).

### **Instructions for using the Community Questionnaire:**

- Hold it so people can see the questions.
- Carry a copy of *Have You Heard the Good News?* in case you have an opportunity to share it.
- After leaving, record the information for future contacts.

### **Suggestions for when to use it:**

- Carry a copy of the questionnaire to use in opportune settings.
- Use it door-to-door.
- Take someone out for coffee and use it.
- Visit a neighbor.
- Use it with a schoolmate or a fellow employee at break.
- Use it with the salesman or Jehovah's Witness who comes to your door.

**The Community Survey** is designed to be left with people to fill out. Ask them to hang it on their doorknob, and you will pick it up in an hour when it's completed. (You'll need to cut a + or an x in the top of the survey so that it will fit over a doorknob handily. Experiment with scratch paper until you know what size to cut it.)

The large blank space in the survey is for you to stamp or write your church contact information.

The downloadable version of the survey at [www.clp.org/fishersofmen](http://www.clp.org/fishersofmen) is editable on several spots so that you can enter your church information.

### **Instructions for using the Community Survey:**

- Knock on a door and ask the resident to complete the survey after you leave. State that the purpose of your survey is to meet community needs. Ask them to leave it on their doorknob after completing it.
- Return to pick up the survey within an hour without further disturbing the resident.
- If the person requests any activities or information, follow up at an appropriate time.
- Send a thank-you note to everyone who responds.
- A key to success with this survey is the ability to be able to supply what you offer. If someone indicates a need or comes to your church and feels that it doesn't measure up to what was offered, it hurts instead of helps.

# Community Survey

Thank you for taking the time to complete this simple information survey. When you have completed the information, please place this survey on your door, and we will return within the hour and pick it up.
