## Ready, Set ...Sell!

- Tell everyone you know about Jamberry Nails by email, text message, visit them in person or on Facebook! Here is a quick example of what you might say...

*“Hi \_\_\_\_\_! Have you heard about Jamberry Nails? I’m so excited to be selling them to raise money for \_\_\_\_\_. These awesome nail wraps come in over 300 different colors and patterns, and last up to two weeks on your fingers and four weeks on your toes. They do not chip or scuff, are free of harsh chemicals, and are made right here in the US! They only cost \$15USD (\$17CAD) a sheet, which is enough for at least 2-4 manis or pedis. There is no dry time. I know you will love them and would love to help you pick out some styles. What colors or types of patterns do you like? Did I mention it’s Buy 3 Get 1 Sheet Free?!”*

- Direct people to my website at \_\_\_\_\_ if they would like to see an application video and the styles for themselves. If they decide to order online, they must select my fundraiser at checkout. They can also create their own custom designs in the Nail Art Studio.

- Post a picture on Facebook with something like this...

*“Please help me with my \_\_\_\_\_ fundraiser. Jamberry Nails are the hottest trend in nail design and I am selling them for my school fundraiser! With over 300 designs plus a new line of nail lacquer and hand care, you will most definitely fall in love! Who wants some?!”*

- Have a mother/daughter party at your house to show off the nails. It’s a great way to get those orders!
- Send your order information to work with family members such as your parents, grandparents, aunts, etc.
- Enthusiasm is contagious. Be excited about Jamberry Nails and everyone else will be too!
