Obtaining this Certificate of Completion is not a substitute for having achieved a professional appraisal designation. It is a certificate of completion for an individual course, in contrast to the award of a distinct professional credential which would be based on the requisite certification process. Accordingly, this Certificate does not connote authority for an individual to hold themselves out to the public or a specific client as a qualified appraiser, without having first obtained the requisite education, experience and background to achieve a professional designation in the specific appraisal discipline required for the subject engagement.
