

Sample Land Use Risk Assessment Log

Name of farm: _____

This evaluation should be completed yearly or as changes are made to the farm or production practices.

Task	Yes or No	Observations	Corrective Actions	Date	Initials
Are there any current or previous land uses that may represent a risk of contamination to fruit and vegetable production?					
Have there been any significant changes to land use this year (e.g., addition of grazing animals, field location changes)?					
Have neighboring properties changed or added activities that might affect fields and water sources (e.g., animals, manure, or compost storage)?					
Has there been any runoff from compost and manure storage areas, animal pens, or grazing areas?					
Were there any flood events this year or last year?					
Have you inspected your well head to make sure it is in good condition and not in need of any repair?					

Sample Land Use Risk Assessment Log (cont.)

Name of farm: _____

This evaluation should be completed yearly or as changes are made to the farm or production practices.

Task	Yes or No	Observations	Corrective Actions	Date	Initials
Have you inspected your septic tank and leach field to make sure they do not lead to contamination of produce fields?					
Are portable toilets and handwashing stations used in the field functioning properly (i.e., no leaks or spills) and located away from produce growing and handling areas?					
Have there been any treatments or chemical applications to the land that may pose a risk to food safety?					
Has fecal contamination or damage to crops by wildlife or domestic animals been an issue in the past year? (Check <i>Wildlife and Domestic Animal Activity Logs</i>)
