As most of you know, Greer Industries, Inc. is a small, family owned aircraft hardware distribution company, started by Robert Jay Greer, who was President until his passing in June of this year. As we move forward we continue to honor him and the company he built with the principles he instilled in all of us -- hard work, determination and perseverance, loyalty to customers and vendors, and genuine concern for his employees, so that Greer Industries remains a lasting legacy to him.

I would like to express our continued gratitude and sincere thanks for all the support and cooperation you have given us over these past 38 years. We look forward to a continued and prosperous relationship with our customers, suppliers, and partners in business, and wish you all the best in the coming year.

If you have any questions, feel free to contact me at any time. We look forward to visiting with you at our new location.

Sincerely,
