

Donation Sign Up Sheet

About 1.3 million women will be diagnosed with breast cancer annually worldwide.

According to the American Cancer Society, breast cancer is the most common cancer among women, excluding non-melanoma skin cancers. Our mission is to create greater public understanding of the complications of breast cancer treatment while meeting the needs of breast cancer patients and their families through community support, sharing of information on good breast health, and research intended to prevent and cure breast cancer. We are accepting donations in order to accomplish our mission. **BOLD FOR THE CURE** has been granted designation as a 501(c)(3) tax-exempt corporation. This tax designation means that all donations any individual or business makes to **BOLD FOR THE CURE** are a tax deduction. Thank you for your donation.
