

# Clip it! Behavior Chart

Our classroom will use a clip chart to monitor behavior. A clip chart is a great tool that allows students to be rewarded for positive behavior, while discouraging negative behavior.

Each student has a clothespin, or clip, with his or her name on it. Everyone will start on green at the beginning of each day, and clips can be moved up and down throughout the day based on behavior.

At the end of every day, your child will mark his or her color on a monthly calendar that should stay in their folders daily. This will allow you to keep up with how your child is doing at school.

The **Super Student** level is reserved for outstanding behavior. A student who reaches this level will earn a jewel on their clip and a special note home. Students will also get to go to our classroom prize box!

Students can move to the **Great Job** level for continuing to make good choices. You should be very proud of your learner for reaching this level.

Students will move to the **Good Choices** level for showing that they are making the right behavior decisions! Ending the day on this level is great!

Every student will start the day on the **Ready to Learn** level. As the day goes on, clips can be moved up and down, based on behavior. This is a good level to be on!

A learner will be moved to the **Think About It** level as a warning about his or her behavior. They will receive a reminder of the rules, and a chance to correct their choices.

A learner who continues to display poor behavior can move down to the **Teacher's Choice** level. Here, the teacher can decide what action to take. Loss of activity minutes, fixing or redoing of work, etc.

When a learner moves to the **Parent Contact** level, the teacher will notify parents via note or phone call. A visit to the Principal's office might also be in order based on necessity. Students on this level may also lose recess time, etc.
