

NURSING THE FUTURE

The Voice of the New Graduate

New Graduate Leadership Excellence Award

HUMILITY and INTEGRITY:

- Displays honesty, virtuosity and trustworthiness
- Displays humility in action and behaviour with other leaders and peers
- Consistently elevates the level of dialogue in conversations about nursing, leadership and change

COURAGE, COMMITMENT and COMPASSION:

- Seeks to 'understand', displaying insight into the complexities of leadership
- Works to be the change they wish to see while being sensitive to the impact of change on others
- Volunteers consistently for organizational events and demonstrates outstanding support of peer leaders
- Works to enact change through initiative, perseverance, determination, persistence, resilience, passion, self-motivation and the inspiration of others
- Consistently applies authenticity, caring, empathy, sensitivity and responsiveness in interactions with all colleagues and peer leaders

KNOWLEDGE and LEADERSHIP EXCELLENCE:

- Displays a sound knowledge of the issues related to professional role transition and imparts that knowledge with confidence and a sensitivity to the specific needs of the target group
- Demonstrates a commitment to regional, national or global new graduate issues and NTF, acting to advance the nursing profession by optimizing their foundational knowledge of new graduate transition and contemporary nursing issues
- Practices their leadership with consistent attention to excellence
- Displays exemplar growth in leadership ability and capacity over time
