C: Finish laundry
Monthly chore—see reverse

Monthly Chores

- 1st Saturday: Clean cycle Washing machine 1x/mo
Vacuum basement
- 2nd Saturday: Clean cycle Dishwasher 1x/mo
- 3rd Saturday: Vacuum basement
- 4th Saturday: Clean cycle Keurig 1x/mo

Cycle clean Keurig:

- PREPARE Step 1: Empty the water in the Water Reservoir. Step 2: Disable “Auto Off” features.
- FILL AND CLEAN Step 1: Pour approximately 48 ounces of the vinegar into the Water Reservoir.
- Step 2: Place a large mug on the Drip Tray Plate and run a brew cycle. DO NOT USE A K-CUP, just press the BREW Button. Pour the contents of the large mug into the sink.
- Step 3: Repeat the brew process without a K-Cup until “ADD WATER” is indicated.
- Step 4: Now let the Brewer stand for at least 4 hours while still on.
- Step 5: Discard any residual vinegar and rinse the Water Reservoir thoroughly.
- RINSE Step 1: Ensure the Water Reservoir is filled with fresh water.
- Step 2: Place a large mug on the Drip Tray Plate and water brew cycle. Pour the contents of the large mug into the sink.
- Step 3: Repeat brew process until “ADD WATER” is indicated.
- Step 4: You may need to perform additional water brew cycles if you notice any residual taste.

NOTE: If “DE-SCALE” is still displayed after completing the procedure, repeat the de-scaling procedure above.

Cycle clean dishwasher: Pour 1 Cup vinegar run **high** temperature load with no dishes inside

Cycle clean washer: Remove all items from washer drum and close door. Pour 1 cup bleach into soap dispenser (left side). Press and hold the spin speed and options buttons together for 10 seconds until the display changes to CLN. Press start. Immediately following the completion of the system clean follow with **fresh rinse** on **max** spin speed with no detergent (repeat this if drum smells too much like bleach). Wipe out drum with soft cloth.
