Cost-effective pricing from Prodoto

Prodoto operate an extremely competitive and cost-effective pricing structure, starting at just £10 for one digital shot. This price is based on simple white-background tabletop photography of one single item. This price includes your image or images burned to a CD or DVD as a hi-resolution digital image, studio time and an 'All Uses' licence, which gives you the freedom to use your images as you wish.

Creative photography from Prodoto at competitive prices

In addition to basic white-background packshot photography, here at Prodoto we also specialise in creative product photography. This type of pack shot photography takes a little longer to set-up, often requiring props, lighting effects and styling, and is therefore charged at a slightly higher rate. The cost of props, models and locations etc. will be charged separately. Our rates for creative product photography are charged by the hour.

Many examples from our creative product photography portfolio can be seen in the on-line portfolio section of our website at www.prodoto.com

Contract, brochure and catalogue rates

We are always keen to speak to new companies and to increase our client list. In order to encourage this, we can offer highly competitive rates for ongoing contract photography work and for large catalogue publications. Our studio is ideally suited to accommodate large numbers of products, with separate storage rooms, ironing facilities, and hanging areas. Our enthusiastic and creative studio team and our streamlined system ensure that large numbers of products are easily manageable. Our pricing structure for commercial contract work is negotiable and we are confident that we can provide a quote for your catalogue, web site or brochure product photography that will prove very competitive.

Please contact us to discuss our special rates for contract work or catalogue photography. We look forward to receiving your call. 01422 882211.
