Re: Continued Violations of Chapter 3717-1 OAC- Ohio Uniform Food Safety Code

Due to repeat uncorrected violations and/or failure to maintain sanitary conditions according to the Ohio Uniform Food Safety Code, the above mentioned facility has entered into the enforcement procedures of the Food Safety Program at Franklin County Public Health.

An additional follow-up inspection will be performed. If there are continued issues, repeat violations and/or new critical violations, an Administrative Hearing may be ordered. The Administrative Hearing may result in moving forward with a proposed license suspension or proposed revocation of the food license and possible additional enforcement actions.

The expectations of the Food Safety Program are to ensure that all facilities maintain the standards set forth in the Ohio Uniform Food Safety Code. Your facility must maintain the standards and ensure that all areas of food safety are being followed and maintained.

If you have any questions regarding this matter, please contact Garrett Guillozet, RS/REHS, Food Safety Program Supervisor at 614-525-4537.

Sincerely,

Nichole D. Lemin, MS, RS/REHS, MEP  
Assistant Health Commissioner/Director of Environmental Health
