

INTERNATIONAL STYLE TARGET ARCHERY SCORE SHEET

Individual Sports

Columbus North Physical Education

Name: _____ Period: _____

NASP Scoring Instructions:

Each ring has it's own value beginning with a 10 in the center and moving to 1 on the outside ring. If an arrow touches a line, it is counted as the next higher score. If the arrow is outside the total target circle or misses entirely, it is a zero. Arrows that hit the target and bounce off should be left blank and then after all shooting is over; students will be allowed to shoot again for bounce outs. No scorer should pull arrows until after they are scored and marked on the score sheets. Indicate the number of 10's/X for the final ranking purposes.
