CORE VALUES

We pride ourselves on being one company around the globe. We sustain this single culture by remaining true to our three core values:

We Are Relationship-based

This first core value is also our fundamental business strategy. We focus on forging strong, long-term relationships with our clients, as we consider sound client relationships the most important contributor to our success. We cement these relationships by providing superior value to our clients and by continuously improving our performance.

Growth is an Imperative

Our clients' needs drive our business, so we grow in pace with their growth. Indeed, to compete in the global marketplace demands growth. And profitable growth is what all our stakeholder groups — client, employee, and shareholder — desire most from us. Our goal is to grow our business by 15 percent, every year.

People Are Our Greatest Asset

Employee talent is the cornerstone of our success. Their expertise and capabilities win us the work, perform the work, create value for our clients, and generate loyalty in our investors. So we create an environment where our employees meet fresh, exciting challenges and experience the satisfaction of a job well done. Ours is also an environment that is flexible to change and open to innovation. At Jacobs, every employee contributes to value-added performance.

COMMITMENT TO SAFETY

BeyondZero®

At Jacobs we are dedicated to keeping our employees safe, healthy, and working towards bright futures. BeyondZero®, our program that promotes a culture of caring, aims far beyond the goal of an Incident and Injury-Free® workplace.

It aims at something deeper, a true culture of caring where concern for employees' health, safety and welfare extends outside the office walls, beyond the project site and into our homes, our cars, and all the places where we interact with friends and family. BeyondZero® and our culture of caring is about the true safekeeping of our employees, their families, our clients and our communities.

COMMITMENT TO SUSTAINABILITY

Jacobs publishes an annual *Sustainability Report*. It can be downloaded from the home page of www.jacobs.com.

As an experienced provider of sustainable practices, Jacobs works with clients to reduce their environmental footprint. As business partners to our clients, we focus on delivering the tangible, technical solutions that make real a difference to our clients' triple bottom line. We have the expertise to progressively and cost-effectively reduce the environmental impact and resource intensity of projects around the world.

BUSINESS STRATEGY

Our fundamental business strategy is building long-term client relationships. With more than 65 years in the industry, we have attracted and retained clients by providing superior value — in fact, over 90 percent of our work is repeat business from loyal clients. This strategy yields cost advantages, profits, and growth for us. The combination of a loyal client base and steady growth enables us to attract and retain the industry's top talent.
