

March 2017 Homework Calendar

		<p>1</p> <p>Take some time to look through this short Homework Calendar and make plans for completing the work. Enjoy connecting your school and family time through the activities in this calendar.</p>	<p>2</p> <p>SNUGGLE UP AND READ</p> <p>Retell the beginning, middle and end of the story if it's fiction. If it's non-fiction, what is a cool fact you learned?</p>
<p>6</p> <p>Do some research with your family! Find information on Tide Pools to tell your friends. What interests <i>you</i>? Draw a picture and/or write a sentence about what you learned.</p>	<p>7</p> <p>Snuggle Up and Read</p> <p>Discuss why or why not you liked the book.</p>	<p>8</p> <p>How high can you write your numbers to? Start a number chart and write numbers as high as you can. Remember to write them the school way and start writing at the top. Watch for reversals. Your teachers will love to see your chart!</p>	<p>9</p> <p>Maggie has completed the Toolbox program with the K/1 classes. What is the most helpful tool for you? Patience, Breathing, Empathy? Talk with your family about the tools and how you use them.</p>
<p>13</p> <p>Keep working on your number chart!</p>	<p>14</p> <p>We are making Leprechaun Traps this week! Look around your house for fun, creative building materials that you can use and share with class. Bring them to school tomorrow for planning and designing day.</p>	<p>15</p> <p>You designed your Leprechaun Trap in class today. Tell your family about it and how you plan to make it tomorrow morning!</p>	<p>16</p> <p>Tomorrow is the last day of the quarter! You have been working hard at school and home. Gather up the work you've been doing at home and bring it to school in the morning.</p>
