2016-2017 FOOD SERVICE CONTRACT

A contract is required for each student using a food service charge account. Charges, which average \$130 per month, are billed monthly to student accounts. This form is only required for newly enrolled students to establish an initial contract. Returning students are automatically set up on a food service charge account for the coming school year unless a cancellation is requested. Students planning to make cash purchases do not need to complete this form. If you desire to establish an optional monthly dollar limitation on your account, or have other questions, please contact Sheila Clemans, CWA Food Service Director, (253) 620-8401 or sclemans@charleswright.org
