

COMMERCIAL CLEANING PROPOSAL

Prepared for:

CITY OF MIDWEST CITY

CHARLES J. JOHNSON BUILDING

Prepared by...

August 12, 2014

Attention: Mike Stroh
The City of Midwest City - Charles J. Johnson Building
8726 S.E. 15th Street
Midwest City, Oklahoma 73110

RE: Commercial Cleaning Proposal

Dear Mr. Stroh:

Thank you for your interest in JAN-PRO and for allowing me to submit the attached cleaning proposal for your facility. I hope that I am able to further illustrate the benefits JAN-PRO can provide to you through this proposal.

JAN-PRO focuses exclusively on customers that require quality cleaning services, and we have built our client base and reputation on that premise. JAN-PRO's branded processes, outstanding client services and the **JAN-PRO Guarantee** have positioned us as the industry leader in client retention. In this proposal, we will detail how these benefit you!

Backed by 20 years of industry experience, we are confident that you will encounter a mutually rewarding association when choosing JAN-PRO as your partner. I will call you to confirm your receipt of this information and answer any questions you may have. Please do not hesitate to contact me should you have any questions in the meantime.

Best Regards,

Toni Cox
Account Executive

Why Choose JAN-PRO?

WHY CHOOSE JAN-PRO?

It is simple – we provide **Measurable Cleaning. Guaranteed Results™**. JAN-PRO focuses exclusively on clients that require quality-cleaning services, and we have built our client base and reputation on that premise. JAN-PRO's operating systems, branded processes and outstanding client service have formed the foundation for delivering exceptional cleaning services.

GUARANTEED SATISFACTION

We are so confident of our services that we actually **guarantee** your satisfaction with us. JAN-PRO guarantees to respond to and promptly resolve any specific service issues within one business day. If for any reason, JAN-PRO should fail to meet either of these obligations, you are entitled to a complimentary cleaning service call. ***This is a key differentiator between JAN-PRO and other suppliers.***

THE JAN-PRO GUARANTEE

“Jan-Pro guarantees to complete all of its regularly scheduled cleaning commitments on time. Jan-Pro also guarantees to respond to and promptly resolve any specific issues within one business day. Should Jan-Pro fail to meet either of these obligations, a complimentary cleaning call will be scheduled.”

THE JAN-PRO WAY

A consistently clean facility should be viewed as an *investment*, as it provides a real dollar return by not only projecting an image of professionalism and quality to customers but also creating a safe, healthy working environment for your employees. In addition, JAN-PRO increases your return on investment by providing the following:

- A well-trained and experienced cleaning crew that you know and trust because they are bonded
- A comprehensive cleaning schedule designed specifically for your facility
- The expertise and ability to provide additional services when needed
- Proactive communication and a ready response any time the need arises
- Quality assurance processes that consider your point of view
- Top-of-the-line cleaning equipment that removes dust and dirt, rather than redistributing it
- “Green” cleaning chemicals that promote improved air quality
- Hospital-grade disinfectants that kill bacteria and germs
- Monitoring supplies and informing you when they are low, or restocking them if that is your preference
- The ability to disinfect your entire facility to prevent a bacterial or viral outbreak
- A partner who helps you manage your facility

Branded Processes

If you ask 100 people to define the word “clean”, you will likely get 100 different answers. However, at JAN-PRO, you will only get one answer:

“It’s Only Clean When Our Processes Confirm It’s Clean.”

Here is how JAN-PRO takes the guess-work out of what clean really means:

JAN-PRO Signature Clean – *Defines Quality*

JP Signature Clean describes our quality commitment and our quality processes. To achieve JP Signature Clean results, our Title-operators receive the most rigorous training in the industry – a five week program to prepare themselves to become career cleaning professionals who are:

- Titles of their own JAN-PRO enterprise
- Financially vested in the satisfaction of each and every client
- Well-versed in the latest and most effective cleaning technologies
- Attuned to the importance of even the smallest details

As a result of our **JP Signature Clean** program, you can expect consistent and reliable service from a cleaning team that will:

- Wear a photo ID badge
- Wear a professional JAN-PRO uniform
- Have completed the **JP Signature Clean** certification program
- Be insured with Worker’s Compensation, \$2 million liability coverage and a \$50,000 janitorial bond
- Understand and comply with OSHA
- Know the importance of dwell time when disinfecting
- Know how to maintain bacteria-free high touch surfaces
- Know how to thoroughly dust offices without disrupting desktops
- Know thorough carpet cleaning techniques
- Know which treatments to use on hard floor surfaces
- Know how to work safely in public areas
- Know how to work cleaner....and greener
- Know how to look for ways to add value for their clients

JAN-PRO Tracker – Measures Quality

JP Tracker represents our “hands on” practice of routinely checking our work and benchmarking our results. This branded process is one of the reasons we consistently earn high satisfaction ratings from our clients. Many cleaning companies promise this, but unfortunately, few deliver it with sufficient regularity or depth of measurement. At JAN-PRO, our approach is much more demanding. Here is how it works:

- When you sign up with JAN-PRO, JP Tracker begins with a first impressions survey. We check every aspect of your cleaning requirements, and determine what and where to focus our attention and expertise.
- After an agreed initial period, usually 30 days, a JAN-PRO Operations Specialist physically inspects your property and measures our lasting impressions. This process uses a 50-point checklist, so nothing is left to chance.
- Any adjustments to service are made, and the inspections continue on a regular schedule.
- Regular client service calls are made to ensure your complete satisfaction with the quality of service you receive with JAN-PRO.
- Your monthly rating from our Communications Log Book, on a scale of 1-10.

JAN-PRO Technics – *Delivers Quality*

JP Technics provides the science behind our services. We take our definition of quality commercial cleaning, overlay our measurement of it, and then make sure we deliver it using the most advanced products and equipment available, including:

- Microfiber cloths designed to trap dirt and hold it in a positively charged ST for more effective cleaning; these cloths are also color-coded to eliminate cross-contamination
- Backpack vacuums with four filters and ratings that exceed HEPA standards for clean air
- Cleaning chemicals that cover a greater area while using less product – our “cleaning greener” initiative
- Hospital strength disinfectants for broad spectrum coverage

Microfiber Technology

JAN-PRO has replaced conventional cleaning cloths with an anti-microbial impregnated micro-fiber system, which cleans greener and dryer while removing more dust contaminants. JAN-PRO uses a four-color coded microfiber system, which virtually eliminates cross-contamination. A highlight of this approach is that the red microfiber cloths are only used for disinfecting restrooms, which reduces the

spread of germs and harmful bacteria to other areas of your property. Our microfiber mops also work efficiently to clean and disinfect floor surfaces with fewer chemicals and faster results.

- Microfiber is 1/16 the size of a human hair and holds eight times its weight in water.
- The tiny fibers penetrate the microscopic pores of surfaces increasing cleaning quality and saving time in the process.
- Microfiber is positively charged and literally removes 100% of all dust particles.

Back-Pack Vacuum Technology

JAN-PRO operators are trained to exclusively use our approved backpack vacuums, which use a four-part HEPA filter system. This removes up to 99.9% of particles up to the size of 0.3 microns from the inside air. Unlike beater bar vacuums that spread dust and dirt into the air, the JAN-PRO system *removes* it.

These powerful vacuums:

- Capture up to 99% of dust mites, pollen, viruses, bacteria and chemical residue
- Leave less dust in your environment, so there is less dust to collect on equipment and furniture
- Help reduce the risk of respiratory infection
- Create a healthier environment for your property and its occupants

Environmentally Safe Chemicals

ECOLAB
Everywhere It Matters.

JAN-PRO takes pride in working within the spirit and the framework set forth by many federal agencies, including the Environmental Protection Agency, Department of Agriculture, and OSHA to name a few. We work with EcoLab Chemical

Company to provide certified products and disinfectants that are effective against methicillin resistant Staphylococcus aureus (MRSA), vancomycin resistant Enterococcus faecalis (VRE) and Influenza A (H1N1).

EnviroShield™ – The Science of Disinfecting

EnviroShield is a revolutionary new system that combines a unique disinfecting sprayer process with an equally unique disinfecting product, Sniper®. The unit uses an electrostatic charge applied to the spray, causing a natural attraction between spray droplets and target surfaces. As the Sniper product is sprayed, it picks up this charge giving it **75 times the force of gravity to completely wrap around and cover every surface it touches.**

The spray evaporates easily on surfaces and can be used in high clutter areas and “touch areas” such as desks, papers, phones, restroom surfaces, etc. It is also highly effective on computer keyboards, recently reported the #1 source for spreading communicable diseases.

One of the main features of Sniper® is the fact that it meets **EPA Toxicity Category IV**, which means this is the **safest category allowed for disinfectants**. The EPA rates products on a scale of I – IV, with IV being the least toxic category. This product is a **100% non-toxic**, disinfecting cleaning solution that destroys 99.9% of a wide-range of disease-causing microorganisms.

The product is safe for all commercial environments and facility occupants. With the use of the EnviroShield system, your company can promote having a safe and healthy environment and being proactive in the fight against preventing infection diseases. We look forward to discussing this application as an optional service to you.

EnviroShield™ Facts:

- It has been independently tested on numerous other bacteria and found to be highly effective.
- We exclusively use Sniper disinfecting solution, an EPA hospital-registered disinfectant in all applications
- The active ingredient in Sniper, Chlorine Dioxide, is a proven safe and highly-effective biocide.
- It kills and eliminates the most harmful bacteria including C-Diff (clostridium difficile).
- Its application method provides 100% coverage of surfaces not previously reachable or treatable with less effective disinfectants.

EnviroShield™ Benefits:

- Total disinfecting coverage on and around all surfaces
- Counters spread of bacterial infections
- No post-application after effects or precautions
- Can be applied routinely with no inconvenience
- Ensures cleaner, safer work spaces
- Reduces downtime due to absenteeism
- Safe for all commercial environments
- Green and environmentally friendly

Cleaning Schedules

Your Cleaning Schedule – Working for You!

JAN-PRO combines our vigorous cleaning and tracking procedures with a cleaning schedule customized for your specific needs. The following schedule has been specifically designed for **The City of Midwest City - Charles J. Johnson Building.**

Cleaning Agreement

This Agreement, dated September 9, 2014 **CRUSH ENTERPRISES INC., dba JAN-PRO of OKC. ("JAN-PRO")** and City of Midwest City ("**CLIENT**").

Both **JAN-PRO** and **CLIENT** agree that **JAN-PRO** will begin service on September 15, 2014 with the following terms & conditions:

1. **CLIENT** agrees to contract **JAN-PRO** to perform cleaning services according to the outlined cleaning schedule enclosed.
2. **JAN-PRO** will provide all chemicals, equipment, labor and supervision. **CLIENT** will provide all restroom paper products, hand soap, and trashcan liners.
3. This business contract agreement is obtained by **JAN-PRO** for the business benefit of a **JAN-PRO** Franchisee who hereby agrees to comply with the terms and conditions of this agreement. The Franchisee selected to service this **CLIENT** will be announced prior to the start date of service.
4. **JAN-PRO** Franchisee has successfully completed the **JAN-PRO** training program.
5. **CLIENT** agrees to verbally notify **JAN-PRO** of any non-performance prior to written notification.
6. **CLIENT** agrees that during the term of this agreement and within ninety (90) days after termination of this agreement, will not employ directly or indirectly any employees, agent representatives or Franchisees of **JAN-PRO**.
7. The provisions of this agreement may be extended for up to an additional year, provided the City and Contractor mutually agree to the extension and prices stated herein. Otherwise, this agreement may be terminated with a 30 days written notice. All written notices must be timely and via certified mail.
8. Terms: DUE UPON RECIEIPT. Billing occurs at the beginning of each month.
9. **JAN-PRO** annually observes the following federally recognized holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving, and Christmas.
