

MEDICAL CERTIFICATE OF GOOD HEALTH

This certificate verifies that Mr/Ms.....

Does not suffer from any disease that could cause serious repercussions to public health according to the specifications of the International Health Regulations of 2005.

Medical centre stamp	Doctor's signature	Doctor's license number	Doctor's email *

In (city/town)..... On (day)..... (month)..... (year).....

*** Where the signature can be verified for legalization purposes (in the case of UK or third country registered medics).**

Guide:

A doctor (MD) can determine if you are in good health according to the International Health Regulation (2005). You can send them this template to be printed on the medical centre's headed paper, alternatively, they can write their own certificate but it must specifically mention the International Health Regulations (2005). The doctor should then print out, sign, date and stamp the medical certificate.

The certificate must be filled out by a doctor **with their stamp**. Without a stamp, the certificate is invalid unless it is on **headed paper**.

Bring the original Medical Certificate and a photocopy to your visa application appointment.

You must get the medical certificate translated by a sworn translator and legalized by means of a Hague Apostille so it is recognized as a valid document by Spanish authorities.

Find sworn translators in the UK (page 631 'Reino Unido' INGLÉS):
