

# Science Project Checklist

- Begin your **Project Log**.
- Come up with your **Question**.
- Complete your **Research**.
- Generate your **Hypothesis**.
- Design** your experiment.
- Fill out and sign your **Protocol Paper**.
- Perform your **Experiment**.
- Prepare your **Oral Presentation**.
- Complete your **Report**.
- Prepare your **Display Board**.

Use this checklist to keep track of your progress. You can return to the **Aldine Science Project Website** to learn more about any of the steps.
