

"During the crazy, busy time of check-in, David Simons and Clara Winfree went beyond to make sure that our building was ready and in good shape for new student move-in. Thank you so much for having such helpful employees that are so willing to do whatever is needed to help students get moved into the building. Kudos to both of these employees, they are the pride."

-Connie M. Blackmon, Desk Services Supervisor, Moody Towers

### UPCOMING

#### RecycleMania

- **Electronics Recycling Drive**  
Friday, February 24  
8:00 am - 1:00 pm

Student Worker

Venkata Vemuri - January 25  
Student Worker

Anmol Kollegal - January 25  
Student Worker

Diana Rico - February 1  
Student Worker

Emmanuella Aina - February 1  
Student Worker

### RECYCLEMANIA

The Facilities communications department participated in the kick-off event for RecycleMania with the Office of Sustainability. This year's categories are Race To Zero Waste and E-cycleMania. In order to increase student participation, the communications team arrived with giveaways made from recycled materials like pens, pencils, magnets, chip clips and umbrellas among other things. We also brought our ring toss game to promote the 4 Ways to Fix-It on campus. It was a great turnout and the students really enjoyed the interactive games.
