

# Emergency Notification Form

The SF State Emergency Notification System is designed to notify you as soon as possible about a campus emergency via phone and e-mail. The information you provide will only be used in the event of an emergency or an occasional test of the system. The system also allows you to optionally identify an emergency contact to be used by the University.

Please return this form to Human Resources, ADM 252

**\*Employee Name:**

**\*Employee ID:**

**\*Department:**

The University is not responsible for any charges you incur from sending or receiving calls/messages on your devices via the SF State Emergency Notification System.
