

**PRE-EMPLOYMENT SCREENING – RECREATION DEPARTMENT
Drug and Alcohol Testing Consent Form for Minors**

Draper City requires final candidates to pass a drug test as a prerequisite to obtaining employment. (Other testing may take place depending on the position sought). Candidates and employees under the age of 18 must have a notarized consent and release form signed by a parent or legal guardian prior to testing.

By signing this form and having it notarized, you are allowing your child to provide a urine specimen for the purpose of screening for the presence of drugs and alcohol. This consent shall be valid for the candidate's pre-employment drug test and if hired, for his/her term of employment with the City or until the candidate reaches the age of 18, whichever may come first.

I, _____, am the parent or legal guardian of _____
_____, who has applied for employment with Draper City. I have read the explanation set forth above on the City's drug testing policy. I hereby consent for testing to be done on my child in accordance with the City Policy and I authorize the release of the results of this test to Draper City.

Signature of Parent or Legal Guardian
