

Music Pre-Major Transfer Agreement

The Music Pre-Major Transfer Agreement is intended to clarify and simplify transfer arrangements for students wishing to complete a BMus degree. Participating Schools/Departments of Music have identified generic categories of knowledge and skills that comprise core requirements.

<i>Generic Category</i>	<i>Minimum Completed Credits</i>
Theory & Musicianship Skills	16
Music Literature	12
Individual Practical Instruction	8
Conducted Ensembles	4
English	6
	46

By a notation on his/her transcript, a student is recognized by the sending institution as having satisfied the requirements of the Music Pre-Major if he/she completes a specified number of credits in *each* of five course categories. The receiving (degree granting) institution will award 46 credits for the Pre-Major and will deem the student to have met the first- and second-year *core* requirements of his/her B.Mus. program. Other music courses and non-music courses outside the core requirements will be assessed and accredited on an individual basis.

The Music Pre-Major Transfer Agreement does not cover non-music elective courses and does not guarantee acceptance by a receiving institution. Receiving institutions will continue to require transferring students to audition. A student who wishes to transfer before completing the Pre-Major will have his/her courses evaluated on an individual basis.

[Students who have completed the requirements of the Music Pre-Major and who transfer to the B.A. program at UBC, instead of the B.Mus., will be awarded 36 transfer credits: 30 of lower-level Music, and 6 of first-year English.]
