

To Whom It May Concern:

I am writing this letter to thank your company, CDIS, Inc., for the job well done on the Norfolk Naval Shipyard Pier Three Project from January 22, 2010 to July 24, 2010. Within the six months of the construction project, your company has shown diligence and dedication to finish work in time, which greatly benefited other pending projects we are handling.

Even though there have been several construction problems and a delay during the course of the project, your company was able to maintain the efficiency of the schedule. Your attention to the specifics of the project design as well as proper scheduling has been very remarkable, resulting to a job well done.

Again, I would like to express my gratitude in providing your 100% in completing our project. We would not hesitate to refer CDIS, Inc. to other organizations that are also in need of quality services from a contractor.

I hope that this would be the start of our continuous relationship and future success.

Please feel free to contact me at any time.

Sincerely,

James L. Ward
