“ I have not looked good for the last 2 years after menopause but now I feel good and have the youthful vibrancy! For the first time in 20 years I have slim legs. I have made the changes to the way I eat healthier, more on raw food and I am cross training instead of just running. And the best thing is I just change my wardrobe to younger fashion. ”

Dr. BAHJI

Transform in 90 Global Challenge

“

Over the years my pants size has continued to increase. Being in the medical profession, I know it is not healthy to be overweight. I tried other products and program, but they didn't work nor fit in my work schedule. My goal was to lose 10% of my current weight. I am thrilled that I not only reached this goal, I exceeded it by losing 16% of my weight!”

TRANSFORM IN 90 CHALLENGE

“ageLOC TR90 has made me feel so light that I dare to star jump now! My body got slimmer and leaner. My visceral fat is decreased from 6 - 4 and my body age is now 52, previousy was 57. What amazed me most was that my antioxidant score is higher. I always have high antioxidant score from 50.000 – 60.000. The highest score I’ve ever achieved is 65.000. After completing 3-month-program, my antioxidant score is 78.000. Wow...

ageLOC TR90  
is really amazing! ”

TRANSFORM IN 90 CHALLENGE

An AGELOC **TR90**  
transformation is about  
more than a number  
on a scale.

It's about redefining your  
body composition by  
maintaining more lean  
muscle—to build a healthier,  
leaner you.
