<p>There were 1,127 unique survey responses from Community Conversations plus 122 responses from One on One conversations. It is challenging to estimate how many people were involved in Gathered Here. A small number of people participated in multiple Community Conversations and One on One Conversations. Additional One on One and Community Conversations took place and summary forms were not submitted through established systems. Given this information, the Gathered Here data analysis team believes that 1200-1300 people participated in this initiative.</p>
