HOW TO BOOK

WELCOME

My love of photography began when I was a teenager, during an around the world trip with my Mum I was encouraged to go out and take photos of anything and everything. After leaving school I travelled for six years and spent time living in Europe and South America. There, I learnt to live outside of my comfort zone; to see the beauty in different cultures and immerse myself in the day-to-day life of a country that was not my own.

Now here I am, a visual storyteller living in Nelson, New Zealand with my husband Pete and our dog Marlowe.

My photography is driven by storytelling and I am inspired by nature, emotion and connection. I want to know about you, what makes you laugh, what you love, where you've been and all the details in between.

PHILOSOPHY

I aim to connect, share and grow with each of my couples — ultimately working to achieve a personal connection and trust that allows for storytelling at its finest.

I describe my photography as documentary-style capturing the candid moments while also giving a little bit of direction whenever I spot great lighting or a beautiful backdrop.

I search for moments when you don't know I'm there; when you're lost in a moment together and all I can see is raw and unique love that only the two of you know.

Love is like a fingerprint and no two feelings of love are the same. Whether it be on top of a mountain with a newly-wed couple, a tender moment between mother and daughter, or an inside joke shared between best friends; that love is what I look for when I photograph people.

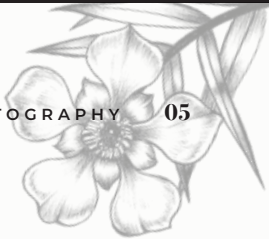

COLLECTIONS

I have three collections available, with coverage from 10 hours, 7 hours or 4 hours photography.

I work intentionally to capture the essence of your wedding day, from all the big moments to the little details that you put so much time and thought into. These are the things that make your wedding day unique — a reflection of you and what you hold dear.

COLLECTION 01^{NO.}

I'll be there for all of it, as you are getting into that gown you've been dreaming about for years, when you take the first steps down the aisle, the intimate portrait session where I focus on capturing the magical newly-wed feeling, as well as the in-between moments that you may not remember when your day has passed. I aim to create an album rich in memories and details that you will hold close to your heart as the years go by.

TESTIMONIALS

“It was such a pleasure to have Ana with us to capture our wedding day. Her style is calm and unobtrusive and that made it so easy for us to relax and enjoy the ride. As a result the images are exactly what we wished for. Thank you Ana for helping to make our day amazing and for creating a forever album of beautiful memories. “

ANNA & TOM SCAIFE

“Ana photographed our intimate family wedding in Nelson in April and I cannot recommend her and her skills highly enough. With such a small ceremony we asked for simple photography, but what we got was even better than we could have imagined. Ana captured all the special moments of our day with such tenderness. She was incredibly easy to work with, such a calm and positive presence. The photographs we have received are pieces of artwork in themselves, the lighting is perfect and the scenes she has captured are truly unique. We cannot thank you enough Ana.”

FAQ's

HOW MUCH IS THE DEPOSIT AND IS IT REFUNDABLE?

I require a 25% deposit to lock in your wedding date and this is non refundable. The remaining amount is due two weeks before your wedding day.

HOW DO YOU ACCEPT PAYMENT?

I accept payment via bank deposit or PayPal. If you choose PayPal there is a 4.5% fee.

WHAT KIND OF EQUIPMENT DO YOU SHOOT WITH?

I use two Canon 5d Mark IV cameras and a Canon 5d Mark III as a back up, and an assortment of Canon prime lenses. My go-to lenses are the 35mm and the 85mm.

DOES IT COST TO HAVE YOU TRAVEL?

Yes, I need to cover my travel costs (see page 8), however, I am flexible and if Aunt Beatrice has a spare room near the wedding venue I am more than happy to get friendly with your family.

HOW MANY IMAGES CAN WE EXPECT?

This depends on the collection you book. For collection one you will receive 600+, collection two you will receive 500+ and with collection three you will receive 350+ images. All of these images will be delivered to you via a personal online gallery as well as a USB with low-resolution and high-resolution files.

WILL YOU POST PHOTOS FROM OUR WEDDING ONLINE?

I always post a small album of photos on Facebook a couple of days after your wedding. This is a wonderful way for me to display some of my recent work and also for your friends and family to see a selection of photos of your wedding. From time to time I will post a photo of your wedding on my Instagram. This is an important part of promoting my work. Some weddings will also go on my website as a blog post. I curate an album of photos that highlight the most special parts of the day and post this on my blog with a few details about your wedding day.

WHAT DO WE DO IF IT’S RAINING ON OUR WEDDING DAY?

I am all for wild weather and sometimes the best photos are created during rainy weather. On your wedding day, if it looks as though it might rain, have some umbrellas ready to go. I’ll also scout out some covered options. I would encourage you to embrace the weather. Have fun with it and make it a part of those precious memories of your wedding day!

DO WE NEED A SECOND PHOTOGRAPHER?

I am confident photographing a full wedding day on my own. However, a second photographer would be able to photograph more of the details, your guests and the in-between moments that I may not get the chance to. If you don’t think you’ll need a second photographer the most important thing is to create a schedule for the day that allows enough time for photos. I can help with this and keep an eye on the time so that you can focus on enjoying your day.

HOW AND WHEN WILL WE RECEIVE OUR IMAGES?

You will receive your full album 6-8 weeks from your wedding day via a personal online gallery which can be shared with family and friends. You will also receive a USB containing your full album a couple of weeks after the online gallery has been delivered.

CAN YOU RECOMMEND ANY LOCAL VENDORS?

There are so many talented and helpful vendors here in Nelson and all over New Zealand. I would be happy to give you any recommendations for planning your wedding day.

NEXT STEPS

Once you decide which collection will best cover your wedding day I'll send a contract for you to read through. If you'd like to meet me for a coffee or over Skype to ask me any questions we can arrange a time that suits you.

Or, if you are ready to roll and book me in straight away you can send me the signed contract and I'll send an invoice detailing the fee, due date, deposit amount and my bank details.

Once we've done the paperwork we'll arrange a time, a little closer

to your wedding, to meet/Skype and go through some of the finer details. I can help with putting together a timeline for your wedding day to ensure things run smoothly.

THANK YOU

You rock! A quick note to say thanks for getting in touch.

It is so important to me that I connect with each of my couples and I believe this fosters a realness in my photos. It's a unique role being a wedding photographer. I'm not just a picture taker but a choreographer, a timekeeper, a buttonhole pinner, a dreamy light seeker and a people watcher. I love each of these roles and I consider myself incredibly lucky to be so closely involved in each couples' wedding day. Many of my couples have gone on to become lifelong friends. I cannot wait to connect with you and be a part of your most special day.

Cheers!
