

WEDDING PHOTOGRAPHY PRICE BOOK

Van Wyhe
photography

Your wedding day is a story
- your love story -
and capturing that story,
the moments, and details is
what we do.

We use Nikon Professional DSLR cameras and lenses
We have full liability and gear insurance
We always have backup cameras and gear
We have shot hundreds of weddings

- 14 How to Book

ABOUT Us ~

We are Gabriel and Jaci Van Wyhe - a husband and wife photography team based in the Seattle-Tacoma area. Simply, we love to capture the most precious moments of life and love in photographs. No two couples and no two wedding day stories are the same, we work to capture the unique details, moments, and personalities of each of our couples.

We want to be more than “just the photographer” at your wedding - we want to celebrate you. It’s such an amazing thing to give each of our couples the images that will bring them back to the beauty and passion of their wedding day over and over again.

We are capturing life and creating art together, and there should always be joy in that.

Please contact us. We would love to meet with you, and see if we would be a great fit for capturing your wedding day story.

PHOTO BOOTH:

A Highlight To Every Reception:

The Photo Fun Booth gives the bride and groom a wonderful portfolio of their guest having fun and enjoying the celebration of the day.

Props and Free Downloads:

We provide the props and the booth is run by a photographer who will interact with and encourage your guests to have fun. We have a variety of different backdrops for you to choose from and all of the high resolution images from the booth will be available for your guests to download for free.

Instant Film Print For Guests:

As an optional add-on to your package, we can provide each guest with an instant film print of their picture right at the booth and you will still have all of the digital images in your gallery and portfolio.

How It Works:

We set up a 10 foot wide backdrop at your reception with a table full of props and an off camera umbrella flash to create the mood and feel of a min-studio right by your dance floor for your guests to be able to jump in and out of while they celebrate your wedding day!

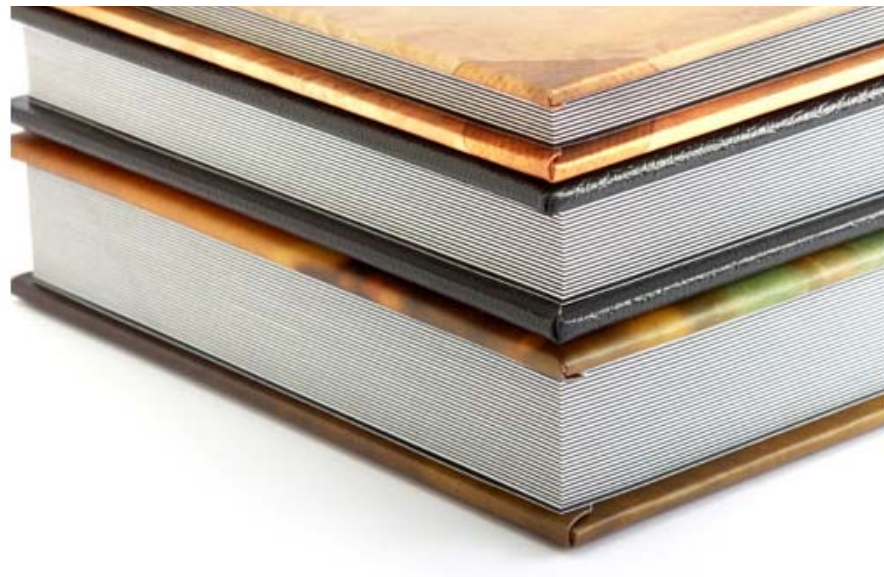

ALBUMS - PRESS PRINTED:

Our albums are high quality, custom designed, and press printed to ensure a product that you will treasure and love for year and years to come.

Process:

First, you select your favorite cover material and color from over 20 options. Then you select your favorite page finish - from art linen, to luster, to watercolor paper. You then select the images you want in your album and we custom design the album and send it to you as a PDF to inspect and approve before final print and binding is done.

We want you to love looking through your wedding day story again and again.

ENGAGEMENT

Unless you modeled, were on television or in theater, the odds are that you haven't spent a great deal of time in front of a professional camera. The engagement shoot is primarily about spending time together, getting used to the camera and getting to know one another. We go out, have fun and be creative. It can be as unique as you are, it can be themed, or it can be a relaxing portrait session in a spot that is special to you two.

BOUDOIR

Boudoir Sessions are shot and edited exclusively by Jaci Van Wyhe. Boudoir pictures are often the perfect wedding gift for your new husband. Jaci is extremely passionate about capturing a bride's beauty in a way that is tasteful and authentically communicates her elegance and sensual beauty. Hotel rooms are used for a tidy and well-lit environment and images are delivered in a private gallery with free download and a password only provided to the bride. Albums and prints can be ordered as well.

Brides Only: Please contact us for access to a private gallery to see examples of images from boudoir shoots.

TRASH THE DRESS

It used to be that a wedding dress was passed from generation to generation - however, with dress styles and dress fashion changing so quickly today, most brides may not have any desire to pass their dress on to their daughter. The Trash The Dress session is an opportunity to go out with the groom and get all of those fun and adventurous pictures not possible on the wedding day when you are trying to keep the dress clean. From laying in the grass together, climbing a tree, running through the woods or jumping in a lake - there are no rules, just having fun.

DESTINATION WEDDINGS:

We are able to travel almost anywhere in the world to shoot your wedding.

There is an extra cost for flights, lodging, food and travel associated with a destination wedding.

Please contact us for details.

How To Book:

To secure coverage for your date, a signed contract with a retainer of 50% of your package plus any applicable travel fees for weddings out of state are required.

Dates are not held without a contract and retainer.

We would love the opportunity to sit down over coffee, and to see if we would be a good fit for your wedding day. Please let us know if you have any questions or if you would like to set up a time to get together.
