

Internship Budget Worksheet

Use this form to create a budget of your anticipated expenses and financial resources during your internship. Please fill in all starred (*) cells, adding numeric figures. Use a "0" where needed, as not all sections may apply (example: local internships). You will enter the totals from cells A, B, and C in your Application Form. **You will include a copy of this completed form with your application, as well as a separate page with supporting links/resources that you used to determine expenses such as housing, commuting expenses, and transportation to the non-local internship city.**

Student Name: _____

SECTION ONE: EXPENSES

1. Housing during internship (multiply cost/week x # weeks)**	*
<ul style="list-style-type: none"> Number of weeks housing will be needed? _____ Cost per week of housing? _____
