Alankit offers a unified portfolio of varied services, inclusive of both Health & Wealth segments and simultaneously, caters to several customer profiles, all from corporate to individuals.

e-Governance Services

“e-Governance is a vital means to pave way for good governance that is swift, easy, transparent, efficient and pro people in every sense.”

World has gone digital and electronic means for all services is the inevitable future. e-Governance services becoming the new acceptable norm have led to an immediate demand for a uniform structure in the segment. Alankit, the fastest growing player in e-Governance sector, works dedicatedly towards constantly simplifying procedures and providing quality services to corporates and individuals alike.

With an unparalleled platform for consolidated information, high standard of delivery and advanced technological features, Alankit's name stands tall and strong in the market. It is successfully moving forward on the path of enabling a smarter, efficient, transparent and highly accountable system in place for the Indian citizen in the present and also in future. Alankit acts as the last mile between the Government and the citizens of the country.

The company incessantly endeavours to reach out to the masses with a high level of credibility and accountability established in its services. It further enhances its proven track record in e-Governance sector through successful completion of several prestigious innovative projects. Alankit works in a focused manner towards swift provision of all e-Governance services to the citizens through its vast network of centers nationwide and thus, strengthens the Government-Citizen association.

TIN Facilitation Centre (**PAN, TAN, e-TDS, AIR/SFT**)

Tax Information Network (**TIN**) is a contemporary system enforced by the Government of India that enables professionals to collect, process, monitor, and conduct accounting of direct taxes. Alankit, with its Pan India presence, offers the following services at all its centers:

Acceptance of Fresh PAN Application (**Form 49A**)

Acceptance of change in PAN particulars application (**Form 49B**)

Acceptance of e-TDS/e-TCS/AIR/e-TBAF returns in electronic mode from Corporate and Non-Corporate Assesseees

Digitization of Paper Returns, filed with Income Tax Department

Aadhaar Services

Having acquired years of valuable experience in the industry, Alankit excels at providing Aadhaar services to Indian citizens, making it simpler and faster for the masses. With its wide PAN India network of branches, Alankit has successfully enrolled millions of citizens under the scheme so far.

In accordance with the latest compliance issued, Alankit is now associated with leading banks as well as the State Govt. to provide Aadhaar Services. In case of banks, the services are provided through the designated branches of these banks. The Bank Aadhaar Kendras are being set up with an objective to make the Aadhaar verification process more convenient for the people. In case of State Govt., similar Aadhaar services are also offered through Deputy Commissioner (**DC**) offices in districts at Government premises of the concerned District Magistrate/Sub Divisional Magistrate for the benefit of general public. Such setups are also better suited for semi urban and rural areas, where the nearest Aadhaar-designated bank branch may not be in close vicinity.

The services offered include fresh enrolment, uploading of details, correction/ updation in Aadhaar etc.

CRA- Facilitation Centre

Alankit stands responsible to professionally manage the processing of applications for allotment of Permanent Retirement Account Number (PRAN) and to extend varied services to both Government employees and the unorganized sector workers under NPS. With a huge network of trusted service centers countrywide, Alankit ensures high level of efficiency and data security.

GST Suvidha Provider (**GSP**) by GSTN

As a leading GST Suvidha Provider (**GSP**), Alankit is playing a pivotal role in extending services to the tax payer populace for complying with the new Goods and Services Tax (**GST**) regime, thus making the GST rollout easy & convenient for all the stakeholders. Alankit provides the much needed support through the web or mobile based interfaces and acts as a single stop shop for all GST compliance related services. The company offers exclusive quality services for ASPs (Application Service Provider) such as high availability of the API gateway, fault tolerance, GSTN failure handling, enriched APIs and callbacks with Platinum gateway etc. For the taxpayers, Alankit offers registration, automated upload and download of invoices data, automated return filings, automated reconciliation of inward/ outward supplies, ledger maintenance and challan generation.

Alankit's GST Products:

GST Muneemji, a secure cloud-based solution for all GST compliance

Alankit GST Saarthi- a PoS device for smaller businesses for payment and business accounting

e-Raahi, its first-of-a-kind e-Way bill software for easy generation of e-Way bills

Other Allied and Cross-sell Services

Staffing Business

With the rapid boom in the country's industrial development, the demand for manpower has tremendously increased. Catering to the same, Alankit is also engaged in providing customized solutions for all types of manpower services through its staffing business facility. The company offers a wide range of qualified human resources across the industries for all types of projects. Alankit has distinguished itself as a quality manpower solution provider at cost effective prices through a well run management set up. We keep the specific requisites of the clients in mind and then, provide the relevant services accordingly.

Authorized Reseller of ID Card Printer & Accessories

Alankit Limited, one of the group companies of Alankit, is the national distributor and preferred partner for Entrust Datacard Printers. The company offers instant printing solutions for plastic ID cards including the distribution of millions of multiple card types like voter ID cards, Aadhaar cards, and health cards and also has accomplished a tremendous sale of printers over the number of financial years in the past. As smart Identity has gained momentum in the country, in keeping with the PM's thrust on 'Digital India' drive, there has been a major demand in the system for plastic cards. Thus, the company strives to work efficiently towards increasing its sale numbers each year while being focused on assisting the public with faster services.

Indian Workers Resource Center (IWRC)

Alankit Assignments Ltd., as the service provider to establish and manage the Indian Workers Resource Center (**IWRC**) at Dubai and Sharjah, duly looks after all the benefits pertaining to the Indian workers residing in the UAE. Alankit provides complete support by offering a 24X7 helpline, walk-in counters, web portal, expert guidance, handling grievance petitions, awareness initiatives and thus, helps to smoothen all procedures.

Point of Sale (**PoS**) Devices

In order to ensure a smooth implementation process, Alankit has also introduced another exclusive GST solution known as Alankit GST Saarthi- a PoS device introduced for smaller and unorganized businesses for the purpose of payment and business accounting which is GST compliant. It is an electronic device that receives payment of a customer through Aadhaar enabled payment (Iris), does inventory management, records the transaction and prints receipt of payment and invoice and provides the facility of barcode scanning. It also offers some important benefits including on cloud data storage for 8 years, linking with the GST Muneemji for easy return filing, facility to send bill through Email/Whatsapp and generating of reports for easy understanding etc. Alankit strives to constantly innovate and excel, providing the best in-class solutions to make life easier for its customers.

P2F (**Paper to Follow**)

Alankit assists in the implementation and management of Paper to Follow (**P2F**) Process for the Cheque Truncation System through its comprehensive network of offices, which is an initiative of the NPCI to compress the clearing cycle for providing faster clearance of cheques. The company facilitates a convenient common platform for the banks to make the process simpler at the backend.

National Judicial Reference System (**NJRS**)

Alankit Limited, the flagship company of Alankit has been appointed by the NSDL for setting up Regional Scanning Centers (**RSCs**). This is with regard to the Govt. initiated project, National Judicial Reference System (**NJRS**), which is envisaged to provide a mechanism to manage the Appeals and Judgments through Appeals Repository and Management System (**ARMS**) and the Judicial Research & Reference System (**JRRS**). These RSCs, established by Alankit, scan appeals pending at ITAT, High Court & Supreme Court and then, these scanned appeals are cleaned, renamed and uploaded on the NSDL Server. While the scanning centre hardware is being provided by NSDL, manpower is being arranged by Alankit. Most of the RSCs are managed and operated by the Alankit Regional Offices. Also, there are few which have been outsourced to one or the other TIN-FCs.

Business Correspondent (BC)

As a business correspondent for a number of leading banks of the country, the company provides banking services to its citizens at any given location and time, as and when required by the company's associated banks. Being a service provider for these banks, Alankit essentially helps in enrolling customers and enabling their transactions at the Customer Service Points (**CSPs**) besides sourcing various deposit and loan products of the bank as a business facilitator. This way, it reaches some of the remote areas as the particular bank's official agent and thus, promotes not just that bank's business growth but Financial Inclusion in the country as well.

Atal Pension Yojana (APY)

Alankit's numerous centers, across the country, assist in providing enrolment services to the subscribers, who wish to invest in the Atal Pension Yojana (**APY**) scheme, through the architecture of National Pension System. APY helps to encourage individuals to save small amounts during their productive years so as to draw a pension in the old age. The age bracket the scheme allows to join falls between 18 years to 40 years with minimum contribution period by subscriber being 20 years. The company enables not just a swift and simple process for enrolment but its trained personnel also helps in clarifying all relevant queries and to further encourage regular early investment for an individual's future.

POS- National Skills Registry (**NSR**)

Alankit stands as a leader in this segment with the successful registration of over 90% professionals through its varied POS set-ups in all major cities. Alankit expedites the practical implementation of this initiative taken by NASSCOM to develop a robust information infrastructure for all present and prospective employees of the industry known as "National Skills Registry (**NSR**)". Thus, the company helps in the development of fact sheet of credible, permanent and accessible information about each registered person and also, provides a transparent, safe and quick procedure.

Point of Presence (**POP**) - National Pension System (**NPS**)

NPS has, undoubtedly, proved to be a highly beneficial and far-sighted contributory pension scheme that helps one build a fund for life's second innings by investing small amounts periodically during the active period of life. Alankit serves as the one-stop service provider for all related services including the initial subscriber registration and undertaking the KYC verification to transmitting the information systematically further to the designated intermediaries in a secured and uncomplicated manner. It also looks after resolving of all the customer queries, grievances and giving guidance and due support, as required.

Distribution Agency for EESL

Banking upon its extensive experience and acquired expertise in the arena, Alankit Limited carries out large-scale distribution, storage, and inventory management of energy efficient products like fans, LED bulbs, LED tube lights among others. The company also looks after several other activities related to it such as setting up of kiosks and systematically handles the distribution agency for EESL in a number of states PAN India.

e-Return Intermediary

World has gone digital and accomplishing tasks online is a great deal faster, simpler and transparent today. Alankit harnesses the skills of its experts to cater to the online/ e-filing of income tax returns of taxpayers. It makes it much easier and hassle free for the citizens of the country, along with rendering the best professional advisory services as maybe required.

Attestation of Documents

Alankit provides an affordable and reliable document attestation process that guarantees a fast and secure service with round-the-clock support from a capable team of professionals. Legalization of documents via an authentic system is a crucial operation and Alankit skillfully employs its decades of experience and a resourceful network in the field. It includes both educational and non-educational documents for attestation including diplomas, degrees, different types of certificates etc.

Approved Person- National Insurance Repository (**NIR**)

As an industry professional, Alankit enables swift opening of the e-Insurance Accounts (**eIAs**) and also, entertains all other servicing requests from the policyholders. Alankit provides unmatched infrastructure and a wide network to work in an expert manner with a skilled team offering the best customized solutions. The e-Insurance account allows for the required level of efficiency, transparency and cost reduction in the Insurance sector.

.In (Dot In) Registrar

IN domain is the country's top-notch internet domain that is easy to buy and use, swift and credible. It can easily be employed for websites, e-mail and many other applications on the web. Alankit provides direct registration services for .in domain names, presenting a great opportunity for the local and international companies wanting to represent their business in India.

Financial Services

“Risk comes from not knowing what you are doing”
- Warren Buffett

The phrase ‘being financially independent’ has come to mean very differently in the current time, it’s not just restricted to having your own earning or regular income flow anymore but also to be able to manage those finances diligently, duly benefitting from different ways of investment in the market. Undoubtedly, managing one’s own investments in the fast-paced, advanced and complex financial market can be a baffling experience, posing a number of challenges on the way.

Alankit assists its customers with an array of expert financial services and facilitates a unified platform for efficient and prompt depository services that are both risk free and productive. The company assures every individual of an unparalleled financial experience, replete with components for a sustainable future growth, with services ranging from Stock Broking to Depository Participant Services.

Having acquired the membership of all major Stock Exchanges of India, Commodity Exchanges of India & abroad, connectivity with the depositories and even the rare membership of Dubai Gold & Commodities Exchange (DGCX) coupled with its customer centric operations, makes Alankit a financial wizard in the industry.

Equity & Commodity Broking

Alankit enables its clients to trade swiftly and safely in various financial markets of India such as BSE, NSE, MCX, etc. across various segments, namely, Cash, F&O & Currency among others. Even though online trading has completely revolutionized the face of stock trading, the risks and erratic patterns of the market still exist. Alankit's team of well-experienced professionals assists the investors/ traders/ corporates to execute trade orders timely, both on the trading terminal and online in equities, commodities, mutual funds and currency derivatives in a convenient manner. This unrestricted access to the best research practices and strategies helps investors in attaining their short and long term investment goals, covering both investment criteria and risk appetite and promotes smart investment.

Depository Participant (DP) - NSDL & CSDL

Alankit provides risk free and prompt trading and depository services to a variety of individuals and other entities. Catering a safe, convenient and cost-effective way to hold securities in the electronic form is what makes Alankit stand apart. Primary advantages with Alankit include 24X7 access to view information and Demat statements online, competitive transaction charges and free of cost monthly detailed statements, instant credit of non-cash benefits like bonus and rights, etc. The company's enormous customer base of depository accounts testifies the reliability and customer oriented service offered by Alankit.

Registrar and Share Transfer Agent (RTA)

Alankit stands in the primary league as the preferred RTA service provider in the country. Alankit has made its mark in the space with notable achievements including servicing over 6 million investors, handling more than 2 million payment transactions each year, having more than 2 million Demat requests processed, around 2.5 million annual reports (email and physical) with a share registry of 800+ companies. Also, in the recent past, Alankit has successfully managed some of the large IPOs like HUDCO, Bharat Dynamics etc.

Investment Advisory on Mutual Funds, Bonds, IPOs, FDs, Loans etc.

Alankit assists investors in making sound investment decisions and its team of domain experts understands the goals and inspirations of investors and also advises for or against any of their financial recommendation, after due scrutiny, comprehensive analysis and a detailed study of the market patterns. Offering flexible investment plans like SIP, which provide for easy conversion of physical mutual fund units into a dematerialized form, Alankit facilitates faster transactions that are cost efficient and risk free to a great extent. It also offers advisory on multiple options of investments such as tax saving ELSS schemes, RBI Bonds, Capital Gain Bond investments U/s 54EC, corporate fixed deposits and primary market investments.

Portfolio Management Services (PMS)

Alankit offers a holistic service package for the professional management of an investor's entire investment portfolio, aimed at generating maximum financial profit, minimizing the risk to the extent possible. The idea is to provide the perfect channel to investors seeking specialized investment strategies, customized as per their specific requirements. The company employs a team of qualified and well-trained specialists having a proven track record that works with the clients to develop and implement the best possible portfolio with maximum future returns in line with their financial goals and risk components.

Trading on Dubai Gold & Commodities Exchange (DGCX)

Alankit Global Resources DMCC, one of the group companies of Alankit , provides trading facilities on all of the market segments operated by DGCX either as principal or on behalf of clients and also to clear their own transactions as well as transactions of the trading members of DGCX. The company benefits its clients from clearing services available with over 65 global exchanges and electronic trading access to over 35 global exchanges. Alankit also provides its clients with the rich opportunities in the commodity derivatives market.

Energy Trading on IEX (Indian Energy Exchange) Platform

Indian Energy Exchange (**IEX**) provides a platform to bridge the growing gap between demand and supply of power. Being a trading member of IEX, Alankit is well equipped with the necessary technology, manpower, infrastructure and all other relevant resources to facilitate power trading on IEX platform.

Healthcare

“Healthcare is a right, not a privilege.”
– Edward Kennedy

A critical segment like healthcare ought to be dealt with utmost sincerity and dedication to provide for the best quality services for the people. With the rising health hazards and deteriorating environment resulting in a growing health consciousness all across, the need and demand for eminent healthcare is supreme.

Alankit endeavors to contribute its best towards this sensitive domain, introducing world class health practices and benefits as per the current industry standards globally. Its state of the art technology, in-house software managed by the professional tech-masters, dedicated work force and continuous innovative techniques, all contribute to Alankit’s achievements in the segment.

Third Party Administrator (TPA)

Alankit has been successfully moving forward towards its objective to improve the face of health insurance services available to the beneficiaries in India. Thus far, Alankit has handled the premium amount in millions, smoothing the lives of a multitude of people along. It facilitates a whole bouquet of services with the best in-class experience for its clients, ensuring both reductions in claim cost and providing better control on fraudulent claims.
