

DAY-BY-DAY “VACATION” ITINERARY **at the ROYAL GORGE KOA**

This schedule is designed to give our guests pointers on how to RELAX on your vacation, and pace your activities for your best enjoyment. We have found that our guests often tend to “cram” things to do in our area into just one day. It really doesn’t need to be done that way!

The following examples give you an idea of how much time the various activities will take to do/see, and still have time to relax. Activities may be changed around to best fit your schedule. Our front desk staff will be happy to provide you with brochures or more information and directions- just ask!
