

Product Evaluation Request Form

West Virginia University
Davis College of Agriculture, Natural Resources and Design
Division of Animal and Nutritional Sciences
P.O. Box 6108
Morgantown, WV 26506-6108
304-293-1985

The Davis College of Agriculture, Natural Resources, and Design at West Virginia University provides food testing, process evaluation, and process authority for West Virginia, cottage-industry food companies. These services are being provided to in-state companies free of charge.

Producers should send 2 samples of each product, preferably in the consumer packaging that will be marketed (container, etc.) and properly labeled with product name and contact information. These samples will not be returned. Fill out the following form for each product being submitted and send product and form to:

Susan Slider, Research Assistant II
