The parties acknowledge and agree that the Financial Bond may be used to satisfy, in whole or in part, the requirements of the Connection Agreement in relation to the Credit Support, without prejudice to TransGrid's right to claim such additional Credit Support as it may be entitled to under the Connection Agreement.

- (b) The Customer agrees that in addition to any other right of TransGrid to draw on any Financial Bond, TransGrid may make a drawing on a Financial Bond if the obligation to provide a replacement Financial Bond in accordance with clause 5.5(a) is not satisfied prior to the expiry of the Financial Bond, in which event TransGrid may draw the full face value of that Financial Bond prior to its expiry and hold that amount as security until such time as the Customer provides a replacement Financial Bond.

- (h) If there is a lack of agreement between the parties as to whether a variation sought by TransGrid has properly been classified as resulting from the occurrence of an Excepted Risk, then either party can refer that matter to be determined in accordance with the dispute resolution procedures set out in clause 19 by serving a notice on the other party.

#### 7.10 Completion of the Customer's Facilities for commissioning

  - (ii) the Facility Deficiency would have a material adverse effect on the Transmission System if the Customer's Facilities were connected to the Transmission System,

then until the Customer remedies the Facility Deficiency and the Customer's Facilities are acceptable for connection to the Transmission System (because they comply in all material respects with the requirements of this agreement, the Connection Agreement and the Construction Coordination Deed), the Customer's Facilities will not be connected to the Transmission System.

- (b) Where, the Facility Deficiency would not, having regard to *good electricity industry practice*, have a material adverse effect on the Transmission System, TransGrid may permit the connection of the Customer's Facilities to the Transmission System subject to compliance by the Customer with any conditions reasonably required by TransGrid but the Customer must remedy the Facility Deficiency as soon as reasonably practicable and notify TransGrid in writing when that Facility Deficiency has been remedied.

- (a) A project consultation group will be established, comprising:
  - (i) the TransGrid Representative and one (1) other representative from TransGrid;

[Insert addition footer text here if required, e.g. Commercial in confidence]

(the "**Project Consultation Group**").

- (b) The Project Consultation Group will meet monthly, or as otherwise agreed by the TransGrid Representative and the Customer Representative, at a venue reasonably convenient to the members of the Project Consultation Group.
- (c) TransGrid will appoint a chair for each Project Consultation Group meeting, who will also be responsible for or appoint someone responsible for taking and circulating meeting minutes.
- (d) The function of the Project Consultation Group is to monitor and receive reports from TransGrid or the Customer and to make recommendations regarding the delivery of the Project.
- (e) Without limiting any other provision of this agreement, nothing which occurs during a Project Consultation Group meeting or as part of the process for such meetings (including anything agreed by the Project Consultation Group at such meetings) will:
  - (i) relieve any party of its obligations, or constitute a waiver or a variation of any party's rights or obligations under this agreement; or
  - (ii) be construed as a direction, instruction, variation or notice to do or not to do anything,

and the parties confirm that all discussions, debates, disagreements and resolutions on any matters raised at these meetings are only for the purpose of satisfying the objectives as agreed by the Project Consultation Group.

## 12. DELAY

### 12.1 Extensions of time

- (a) If TransGrid becomes aware of any potential or actual delay to the progress of the Connection Work as compared to the rate of progress identified in the Construction Program, TransGrid must, within 20 Business Days after becoming aware of that fact, notify the Customer in writing of the circumstances and (where known) the probable effects of that delay including:
  - (i) TransGrid's best estimate of the length of that delay;
  - (ii) any likely required variation to the Connection Work, the Scope of Works (including a change to the constructional plant or temporary works which are required to undertake the Connection Work), the Construction Program or the manner in which the Connection Work will be undertaken (as compared to the manner referred to in this agreement (including the Scope of Works) as a result of that delay; and
  - (iii) where the delay is caused (whether in whole or in part) by the occurrence of an Excepted Risk, TransGrid's best estimate at that time of the quantum of the additional Sub-Contractor's Costs, Consultant's Fees, TransGrid's Costs, Licence Costs, Easement Costs, Out of Pocket Expenses and Project Management Fee which TransGrid estimates it will incur as a result of that delay.
- (b) Within 20 Business Days after serving a notice under clause 12.1(a), TransGrid shall submit a written claim for an extension of time for Practical Completion to the Customer.
- (c) Where the delay continues beyond the 20 Business Day period referred to in clause 12.1(b), TransGrid must continue to submit a written claim for an extension of time for Practical Completion in 20 Business Day intervals or until the delay has ceased.

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (d) For the avoidance of doubt, a written claim for an extension of time for Practical Completion under clauses 12.1(a), (b) or (c):
- (i) must contain TransGrid's best estimate at that time concerning the matters referred to in clause 12.1(a); and
  - (ii) may be subsequently updated by TransGrid providing a further notice in writing to the Customer as further details concerning the relevant delay and the effects of that delay become available.
- (e) Subject to clause 12.1(f), the parties must use their reasonable endeavours to mitigate the impact of that delay on the:
- (i) achievement of Practical Completion of the Connection Work;
  - (ii) quantum of the additional Sub-Contractor's Costs, Consultant's Fees, TransGrid's Costs, Licence Costs, Easement Costs, Out of Pocket Expenses and Project Management Fees which TransGrid will or might incur as a result of that delay; and
  - (iii) extent of any required variation to the Connection Work, the Scope of Works (including a change to the constructional plant or temporary works which are required to undertake the Connection Work), the Construction Program or the manner in which the Connection Work will be undertaken (as compared to the manner referred to in this agreement (including the Scope of Works)) as a result of that delay.
- (f) If a delay is caused (whether in whole or in part) by the occurrence of an Excepted Risk, the parties agree that nothing in clause 12.1(e) will require TransGrid to incur any additional costs which have not been first agreed in accordance with clause 12.1(g) or under the terms of an acceleration proposal which has been agreed in writing by the parties.
- (g) If an Excepted Risk occurs and, as a result, TransGrid advises it will be delayed in undertaking the Connection Work (the extent of the relevant delay being the "**Eligible Delay**"), provided TransGrid has complied with clauses 12.1(b) and (where applicable) (c) and subject to clause 12.1(h), then:
- (i) the Date for Practical Completion will be extended, which extension must not exceed the length of the Eligible Delay;
  - (ii) the Customer must pay the quantum of the additional Sub-Contractor's Costs, Consultant's Fees, TransGrid's Costs, Licence Costs, Easement Costs, Out of Pocket Expenses and Project Management Fees which TransGrid will incur as a result of that delay; and
  - (iii) the Connection Work, the Scope of Works (including a change to the constructional plant or temporary works which are required to undertake the Connection Work), the Construction Program or the manner in which the Connection Work will be undertaken (as compared to the manner referred to in this agreement (including the Scope of Works)) will be varied to the extent necessary as a result of that delay.
- (h) Where more than one event causes concurrent delays and the cause of at least one of those events, but not all of them, is an Excepted Risk, then to the extent that the delays are concurrent, the delay shall be treated as an Eligible Delay for as long as the delay caused by the Excepted Risk continues.

- (i) In determining whether TransGrid is or will be delayed in achieving Practical Completion, TransGrid is not required to have regard to whether it can, by committing extra resources or incurring extra costs, make up the time lost.
- (j) The costs which are payable by the Customer under clause 12.1(g) will be recovered by TransGrid in the manner set out in clause 14.
- (k) If either party refers any dispute in relation to this clause 12 to the dispute resolution procedures set out in clause 19 then:
  - (i) any failure to reach agreement and any referral to the dispute resolution procedures set out in clause 19 will be deemed to be an Excepted Risk for the purpose of clause 12.1; and
  - (ii) TransGrid will be entitled to suspend the performance of any portion of the Connection Work that is the subject of a change being disputed between the parties and which has not yet been settled.
- (l) Except as expressly stated in this clause 12.1 and clause 7.6:
  - (i) TransGrid bears all risk of delay and disruption to the progress of the Connection Work; and
  - (ii) TransGrid is not entitled to make any Claims in respect of delay and disruption to the progress of the Connection Work.
- (m) The parties acknowledge and agree that any failure on TransGrid's part to notify the Customer of the occurrence of a potential or actual delay in accordance with clause 12.1(a) will not prevent TransGrid from otherwise exercising its entitlements under this clause 12.1.

## 13. ACCESS AND TITLE AND RISK OF ASSETS

### 13.1 Access

- (a) Subject to clause 13.1(b) and without limiting TransGrid's other rights of access under Applicable Laws, this agreement, the Connection Agreement, the Network Operating Agreement and the Construction Coordination Deed, the Customer and its Associates (as applicable) will provide TransGrid and its Associates with clear, unhindered and safe access to and over the Land as well as any land to which the Customer or any of its Associates (as applicable) has a right to provide access and that is within the vicinity of the Land, and any associated access roads for the purpose of TransGrid exercising its rights and performing its obligations under this agreement.
- (b) Without limiting clause 7.6 and clause 12.1, TransGrid acknowledges and agrees that its right of access or use under clause 13.1(a):
  - (i) may not be exercised in a manner which:
    - A. prevents the Customer from performing its obligations under this agreement, the Connection Agreement, the Network Operating Agreement or the Construction Coordination Deed or carrying out its normal operations; or
    - B. is inconsistent with Applicable Laws, Authorisations or requirements of any Authority.
  - (ii) may be restricted or limited:
    - A. by industrial relations or occupational health and safety requirements;

[Insert addition footer text here if required, e.g. Commercial in confidence]

- B. by the matters set out in clause 7.13; or
- C. where such access will delay the Customer in the performance of its obligations under this agreement, the Connection Agreement and/or the Construction Coordination Deed.

### **13.2 Provisions applying to access**

- (a) Except where access is required in cases of emergency, or as otherwise provided for under this clause and subject to clause 7.13, any right of access conferred on TransGrid by this clause 13 must be exercised as follows:
  - (i) where it is reasonably practicable to do so, TransGrid must provide to the Customer reasonable notice that it will be exercising its right of access and set out in the notice the purpose of that access; and
  - (ii) TransGrid must cause as little inconvenience to the Customer as is practicable and must observe any reasonable access and safety procedures specified and communicated by the Customer (to the extent they are applicable) at all times.
- (b) The right of access conferred on a party by clause 13 will be in addition to any right of access that either party may have under Applicable Laws.

### **13.3 Title and risk of Assets**

- (a) Title to and risk in the Assets rests with TransGrid or a person nominated by TransGrid at all times.
- (b) Title to and risk in the Customer's Facilities rests with the Customer or, in respect of the Dedicated Assets or the Shared Assets, a person nominated by the Customer at all times.

## **14. ADJUSTMENT TO CHARGES AND PAYMENT OBLIGATIONS**

### **14.1 Adjustment of Charges to reflect agreed Variation Costs**

- (a) As soon as practicable after the Date of Practical Completion and again after the Date of Final Commissioning, TransGrid must provide to the Customer a notice setting out:
  - (i) details of the aggregate Variation Costs determined under clause 7.6 and/or 12.1 as at that date;
  - (ii) any outstanding claims under clause 7.6 and/or 12.1 as at that date; and
  - (iii) details of the alteration to the Charges which TransGrid determines will result from the inclusion of the aggregate of the costs and the amounts of the claims referred to in clauses 14.1(a)(i) and (ii) in the costs used to determine the Charges in a manner which is consistent with the manner in which the original Charges under the Connection Agreement were determined by TransGrid.
- (b) The remaining paragraphs of this clause 14.1 apply only where the aggregate Variation Costs referred to in clauses 14.1(a)(i) and 14.1(a)(ii) exceed \$100,000.
- (c) Within 10 Business Days (or such other longer period as agreed between the parties) of receipt of the notice given under clause 14.1(a), the Customer must give a notice to TransGrid stating whether it will agree to the proposed alteration to the Charges as stated in the notice.

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (d) Any failure on the part of the Customer to respond to a notice provided under clause 14.1(a) within the time period specified (or otherwise agreed) under clause 14.1(b) will be deemed to be consent on the part of the Customer to the varied Charge.
- (e) If the Customer notifies TransGrid within the timeframe set out in clause 14.1(b) that it does not agree to the proposed alteration to the Charges stated in the notice given under clause 14.1(a), TransGrid will refer that matter to Expert determination in accordance with the dispute resolution procedures set out in clause 19.
- (f) Notwithstanding anything to the contrary in clause 19, if TransGrid refers the question as to whether the proposed alteration to the Charges has been determined in a manner which is consistent with the manner in which the original Charges under the Connection Agreement were determined by TransGrid to Expert determination in accordance with clause 19, the parties agree that:
  - (i) TransGrid will provide full details concerning the methodology used to determine the original Charges under the Connection Agreement to the Expert;
  - (ii) the Expert will be instructed to determine the adjustment to the Charges using the methodology provided by TransGrid under clause 14.1(f)(i) and the Variation Costs and advise the parties of its decision concerning that adjustment within 20 Business Days after receipt of the information from TransGrid under clause 14.1(f)(i);
  - (iii) the Expert will be instructed not to disclose details concerning the methodology used to determine the original Charges under the Connection Agreement but to simply certify that the adjustment to the Charges has been determined by applying that methodology and the Variation Costs;
  - (iv) on notification by the Expert of the Expert's determination under this clause 14.1(f) the parties will be bound by that determination and the Charges will be adjusted and the Connection Agreement will be deemed to have been amended from the Services Commencement Date to reflect that adjustment;
  - (v) If the Charges notified under clause 14.1(a) are greater than the Charges determined by the Expert in accordance with clause 14.1(f):
    - A. TransGrid will set off against the future Charges payable by the Customer under the Connection Agreement any excess Charges paid by the Customer, together with interest on that excess at a rate equal to the Interest Rate (as that term is defined in the Connection Agreement) calculated on a daily basis; and
    - B. TransGrid must pay the Expert's costs.
  - (vi) If the Charges notified under clause 14.1(a) are less than the Charges determined under clause 14.1(f):
    - A. the Customer must pay the shortfall to TransGrid, together with interest on that shortfall at a rate equal to the Interest Rate (as that term is defined in the Connection Agreement) calculated on a daily basis; and
    - B. the Customer must pay the Expert's costs.
- (g) For the avoidance of doubt, any alteration to the Charge payable by the Customer in accordance with the notice in clause 14.1(a) must be paid by the Customer in accordance with its obligations under the Connection Agreement until such time as the Charge is either modified:

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (i) in accordance with the Connection Agreement; or
- (ii) by an Expert in accordance with clause 14.1(f).

## 14.2 Taxes

If:

- (a) the Customer is required by law to make any deduction or withholding from any amount paid or payable by it under this agreement; or
- (b) TransGrid is required by law to make any payment, on account of a tax, duty, levy, impost or other charge or in the nature of any such thing on or in relation to any amount received or receivable by it under this agreement or in relation to any Services provided under this agreement or which is payable as a result of entering into or performing this agreement (other than income tax),

and such amount is not in respect of GST and the Preliminary Costs, Variation Costs and/or Charges have not otherwise been adjusted to reflect or take account of the relevant deduction, withholding or payment then:

- (c) the Customer will ensure that any such deduction or withholding does not exceed the legal minimum and will pay any such tax or other amount required to be deducted or withheld to the relevant taxation or other authority before the date on which penalties apply;
- (d) the amount payable by the Customer under this agreement will be increased to the extent necessary to ensure that, after the making of the relevant deduction, withholding or payment (and in the case of it applying to a Service provided under this agreement or which is payable as a result of entering into or performing this agreement and it is also applicable to Other TransGrid Customers, then the amount must be prorated between the Customer and the Other TransGrid Customers), TransGrid receives and retains (free from any liability in respect of any such deduction, withholding or payment) a net amount (after allowances for any credit or benefit received by TransGrid as a result of the Customer's deduction, withholding or payment) equal to the amount which TransGrid would have received and so retained had no such deduction, withholding or payment been made unless TransGrid is prohibited under the Rules from receiving such amount; and
- (e) the Customer will deliver to TransGrid, within 5 Business Days after each deduction or withholding is required by law to be made, a receipt issued by the applicable taxation or other authority evidencing that such deduction or withholding has been made.

## 14.3 GST

- (a) Unless the context otherwise requires, words and phrases in this clause that have a specific meaning in the *A New Tax System (Goods and Services Tax) Act 1999* (Cth) will have the same meaning in this clause 14.3.
- (b) If a party is a member of a GST group, references to GST which the party must pay and to input tax credits to which the party is entitled include GST which the representative member of the GST group must pay and input tax credits to which the representative member is entitled.
- (c) Unless otherwise stated, all amounts expressed to be payable under or in connection with this Agreement are exclusive of any GST.

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (d) A recipient of a taxable supply under or in connection with this agreement must pay to the supplier, in addition to the consideration for the taxable supply, an amount equal to any GST paid or payable by the supplier in respect of the taxable supply (the "**GST Amount**"). The recipient must make that payment to the supplier as and when the consideration or part of it is provided, except that the recipient need not pay unless the recipient has received a tax invoice (or an adjustment note) for that taxable supply.
- (e) If an adjustment event occurs in relation to a supply made under or in connection with this agreement, the GST Amount will be recalculated to reflect that adjustment and an appropriate payment will be made between the parties.
- (f) Where a supplier incurs a cost or expense for which it may be reimbursed by, indemnified against, claim against or set-off against another party under this agreement, the amount to be paid or credited is the cost or expense (reduced by the input tax credit that the supplier is entitled to claim in respect of that cost or expense) plus any GST Amount payable under this clause 14.3.
- (g) If a payment under an indemnity gives rise to a liability to pay GST, the payer must pay, and indemnify the payee against, the amount of that GST.
- (h) If a party has a Claim under or in connection with this agreement whose amount depends on actual or estimated revenue or which is for a loss of revenue, revenue must be calculated without including any amount received or receivable as reimbursement for GST (whether that amount is separate or included as part of a larger amount).
- (i) The Customer indemnifies TransGrid against any Damages suffered or Claims incurred by TransGrid arising out of any act, matter or thing done, permitted or omitted to be done by the Customer and its Associates in relation to the Customer's late payment of the GST Amount for any taxable supply made or to be made by TransGrid under this agreement.
- (j) This clause will not merge upon completion and will continue to apply after expiration or termination of this agreement.

#### **14.4 Disputed invoices**

- (a) In the event of any dispute concerning an invoiced amount the Customer will, within 10 Business Days after the date it received the invoice, notify TransGrid in writing identifying the amount in dispute and giving full reasons for the dispute.
- (b) The Customer will pay the full amount of any portion of the invoice which is not in dispute.
- (c) The parties will meet to try to resolve the dispute, and failing resolution within a further 10 Business Days, the dispute will be determined in accordance with clause 19.

#### **14.5 Interest on disputed amount**

Where, as a result of the determination of a dispute of the nature referred to in clause 14.4, either party has to pay money to the other then, in addition to such payment, interest will be payable thereon from the date the disputed invoice was due until the date the paying party actually pays the other party the relevant amount at a rate equal to the Interest Rate calculated on a daily basis with payment of such interest due on the date agreed between the parties or determined in accordance with clause 19 for the payment of the principal amount.

[Insert addition footer text here if required, e.g. Commercial in confidence]

## 14.6 Adjustment of invoices

- (a) This clause 14.6 applies if:
  - (i) the Customer has been overcharged or undercharged in any form whatsoever;
  - (ii) the Customer has actually paid the invoices containing such overcharge or undercharge; and
  - (iii) the overcharge or undercharge is in relation to an invoice dated within the preceding 24 months after the date of discovery of the overcharge or undercharge.
- (b) Within 20 Business Days after the overcharge or undercharge (as the case may be) has been discovered and the amount of the overcharge or undercharge has been agreed by the parties or determined pursuant to the provisions of clause 19, TransGrid will refund to the Customer the amount of the overcharge (if any) and the Customer will pay to TransGrid the amount of the undercharge (if any).
- (c) Interest will be payable at a rate equal to the Interest Rate on such amounts from the date on which the incorrect invoice was due for payment until the date of payment of such undercharge or overcharge calculated on a daily basis with payment of such interest due on the date on which the amount of the undercharge or overcharge is due.

## 14.7 Default interest

If either party fails to pay any amount payable under this agreement on the due date for payment (or, where the amount is upon demand, upon such demand being made) then interest will be payable on the amount unpaid from the due date for payment until actual payment, at a rate equal to the Default Rate, calculated on a daily basis. This clause 14.7 does not apply to any amount that is permitted to be withheld under clause 14.4.

## 15. FORCE MAJEURE

### 15.1 Force Majeure Events

- (a) If either party fails to comply with or observe any provision of this agreement (other than an obligation to make a payment) and that failure is caused by an event or circumstance which is beyond the reasonable control of that party and which that party could not have prevented by the exercise of reasonable care and *good electricity industry practice* (a "**Force Majeure Event**"), that failure will not give rise to any cause of action or liability based on breach of the relevant provision of this agreement.
- (b) Without limiting clause 15.1(a), the following events will be Force Majeure Events to the extent that they satisfy the requirements of clause 15.1(a):
  - (i) **Acts of God etc.:** any event or circumstance occasioned by or in consequence of any acts of God, acts of public enemy, wars, terrorism, blockades, insurrections, riots, epidemics, animals, aircraft, landslips, landslides, lightning, earthquakes, fires, storms, floods, washouts, geomagnetically induced currents, arrests, restraints of rulers and civil disturbances;
  - (ii) **Applicable Laws:** the compliance by the affected party in good faith with Applicable Laws;

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (iii) **Directives, court orders etc.:** the binding order or Directive of any court, tribunal or Authority (other than TransGrid) by reason of any cause beyond the control of the party invoking this clause 15.1 and which does not arise from a breach of this agreement by the party invoking this clause 15.1;
- (iv) **Breakages and accidents:** breakage or failure of and accidents to any plant, equipment or other facility owned or operated by the party invoking this clause 15.1;
- (v) **Strikes and lockouts:** strikes, lockouts and other labour disputes other than those solely involving the employees (or employees of contractors and sub-contractors) of the party invoking this clause 15.1;
- (vi) **Power supply failure:** a partial or entire failure of the supply or availability of electricity to the power system, a partial or entire failure of any *Generator* or *Market Network Service Provider*, other than the Customer, to inject electricity into the national grid, or a partial or entire failure of any other person to take electricity;
- (vii) **Failure of supplier:** a failure by a supplier (being a party with whom the affected party contracts from time to time) of goods and services to provide such goods or services by reason of any event, circumstance, act or omission, or combination of them, which is beyond the reasonable control of that supplier;
- (viii) **Delay of supplier:** a delay by a supplier (being a party with whom the affected party contracts from time to time) of goods and services to provide those goods or services, where that supplier is entitled under the terms of its contract with the affected party to claim an extension of time for the provision of those goods or services; and
- (ix) **Acts of third parties:** acts or omissions by a third party beyond the control of the party invoking this clause 15.1 and its Associates, including an Authority (other than TransGrid) and any Other TransGrid Customer and, if the invoking party is the Customer, including any Separate Contractor.

## 15.2 Notice

If a party becomes aware of the existence of, or a serious prospect of, a forthcoming Force Majeure Event, it will notify the other party as soon as reasonably practicable of the particulars of which it is aware. If a party invokes clause 15.1, it will notify the other party as soon as reasonably practicable of full particulars of the Force Majeure Event relied upon.

## 15.3 Avoidance and mitigation

The party invoking clause 15.1 must:

- (a) use all reasonable endeavours to overcome or avoid the Force Majeure Event;
- (b) use all reasonable endeavours to mitigate the effects or consequences of the Force Majeure Event;
- (c) consult with the other party on the performance of the obligations referred to in clauses 15.3(a) and 15.3(b); and
- (d) resume performance of any suspended obligations as soon as possible after the Force Majeure Event ends.

[Insert addition footer text here if required, e.g. Commercial in confidence]

However, nothing in this clause 15.3 will be construed as requiring the party invoking clause 15.1 to settle a strike, lock-out or other industrial disturbance by acceding against its judgment to the demands of opposing parties.

#### 15.4 Termination on account of Force Majeure Event

If the Force Majeure Event or its direct effect or consequence on the operations of either party, is of such magnitude or will be (or it is more probable than not that it will be) of such duration, that after a period of not less than 12 consecutive months after the date of the commencement of the Force Majeure Event, it is unreasonable in all the circumstances for either party to perform, comply with or observe this agreement, that party may, upon not less than 10 Business Days' notice, terminate this agreement.

### 16. TERMINATION

#### 16.1 Default

If a Performance Default, occurs then the non-defaulting party may give the defaulting party a notice in writing (a "**Default Notice**") specifying:

- (a) that the Performance Default has occurred; and
- (b) the particulars of the Performance Default and the circumstances constituting the Performance Default.

#### 16.2 Cure Period

If a Default Notice is given in respect of a Performance Default by either party (a "**Relevant Default**"), then:

- (a) the defaulting party must prepare a draft Corrective Action Plan to the extent that the Performance Default:
  - (i) can be cured, which details the actions to be taken by the party to cure the Performance Default; or
  - (ii) cannot be cured, which details the actions to be taken by the party to mitigate the adverse effects of the Performance Default and to ensure that the Performance Default does not recur,

and submit it to the non-defaulting party within 10 Business Days after the receipt of the Default Notice;

- (b) the Cure Period specified in the draft Corrective Action Plan must be the shortest period of time that could reasonably be expected to allow the defaulting party, acting diligently and in accordance with *good electricity industry practice*, sufficient time to:
  - (i) cure the Relevant Default; and
  - (ii) demonstrate such cure to the reasonable satisfaction of the non-defaulting party in accordance with tests (if any) set out in the draft Corrective Action Plan;
- (c) the non-defaulting party may comment on the draft Corrective Action Plan submitted to it by the defaulting party and any comments must be provided to the defaulting party within 5 Business Days after receipt of the draft Corrective Action Plan;

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (d) if the non-defaulting party does make any comments on the draft Corrective Action Plan, the defaulting party must:
  - (i) incorporate the comments of the non-defaulting party into the draft Corrective Action Plan to the extent they are:
    - A. reasonable;
    - B. consistent with *good electricity industry practice* (including, without limitation, any comments relating to the length of the Cure Period); and
    - C. consistent with that party's obligations under this agreement; and
  - (ii) re-submit the draft Corrective Action Plan to the non-defaulting party, within 5 Business Days after receipt of any comments from non-defaulting party;
- (e) the "**Settled Corrective Action Plan**" will be:
  - (i) if the defaulting party is not required to alter and re-submit the draft Corrective Action Plan under clause 16.2(d), the draft submitted under clause 16.2(a); or
  - (ii) otherwise, the draft Corrective Action Plan submitted under clause 16.2(d)(ii);
- (f) the Cure Period will immediately cease if the defaulting party:
  - (i) ceases to act diligently and in accordance with *good electricity industry practice* to carry out the Settled Corrective Active Plan; and
  - (ii) fails to act diligently and in accordance with *good electricity industry practice* to carry out the Settled Corrective Active Plan despite a notice from the non-defaulting party requesting it to do so; and
- (g) to the extent that Default by the non-defaulting party during the Cure Period has delayed the defaulting party in curing the Relevant Default, provided that the defaulting party has acted diligently and in accordance with *good electricity industry practice*, the Cure Period will be extended by such time as is sufficient to allow for the delay caused by the Default by the non-defaulting party.

### 16.3 Failure to cure

If the defaulting party does not:

- (a) commence to cure the Performance Default (where the Performance Default can be cured) or implement the Settled Corrective Action Plan (where the Performance Default cannot be cured) within 10 Business Days after the Settled Corrective Action Plan applies; or
- (b) where the Performance Default can be cured and the defaulting party has commenced to cure the Performance Default within 10 Business Days after the Settled Corrective Action Plan applies, cure the relevant Performance Default within the Cure Period specified in the Settled Corrective Action Plan,

then the non-defaulting party may, in addition to any other rights and remedies under this agreement (including, in the case of a Default by the Customer the exercise by TransGrid of its rights under clause 16.4) exercise any or any combination of the following remedies:

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (c) terminate this agreement by written notice to the defaulting party; and
- (d) exercise all available legal and equitable remedies including suing for compensation or seeking orders for declaration, injunctive relief or damages or such other orders and relief as it may think fit.

#### 16.4 Termination notice

A termination notice given by a party under clause 2.1, 15.4, 16.3, 16.5, 16.6, 16.7 or 16.9 will take effect on the later of:

- (a) the time it is given to the other party in accordance with clause 20; and
- (b) the time specified in the notice.

#### 16.5 Financial Default

- (a) If a Financial Default occurs, the non-defaulting party may, without prejudice to any other right, give a notice to the defaulting party specifying the Financial Default and giving the defaulting party 20 Business Days after the date of the notice (the "**Financial Cure Period**") to cure the Financial Default.
- (b) In curing the Financial Default within the Financial Cure Period, the non-defaulting party may set off any unpaid amount against any payments required to be made to the defaulting party under this agreement.
- (c) If the Financial Default is not cured within the Financial Cure Period, the non-defaulting party may:
  - (i) sue for breach of contract; and/or
  - (ii) terminate this agreement.
- (d) Without prejudice to any other rights of the non-defaulting party, the defaulting party must pay the non-defaulting party interest on the amount which is the subject of a Financial Default (plus any accrued interest compounding daily) at the Default Rate from the date when payment is due until the Finance Default is cured.

#### 16.6 Customer insolvency

TransGrid may terminate this agreement at any time by giving the Customer notice of termination if any Insolvency Event occurs in respect of the Customer.

### **23.4 Waiver**

- (a) Failure to exercise or enforce or delay in exercising or enforcing or the partial exercise or enforcement of any right, power or remedy provided by law or under this agreement by any party will not in any way preclude, or operate as a waiver of, any exercise or enforcement, or further exercise or enforcement of that or any other right, power or remedy provided by law or under this agreement.
- (b) Any waiver or consent given by any party under this agreement will only be effective and binding on that party if it is given or confirmed in writing by that party.
- (c) No waiver of a breach of any term of this agreement will operate as a waiver of another breach of that term or of a breach of any other term of this agreement.

### **23.5 Further acts and documents**

Each party must promptly do all further acts and execute and deliver all further documents (in form and content reasonably satisfactory to that party) required by law or reasonably requested by any other party to give effect to this agreement.

### **23.6 Counterparts**

- (a) This agreement may be executed in any number of counterparts and by the parties on separate counterparts. Each counterpart constitutes an original of this agreement, all of which together constitute one agreement.
- (b) A party who has executed a counterpart of this agreement may exchange that counterpart with another party by faxing the counterpart executed by it to that other party and, upon request by that other party, will thereafter promptly deliver by hand or post to that other party the executed counterpart so exchanged by fax, but delay or failure by that party to so deliver a counterpart of this agreement executed by it will not affect the validity of this agreement.

[Insert addition footer text here if required, e.g. Commercial in confidence]

### **23.7 No representation or reliance**

- (a) Each party acknowledges that the other party (or any person acting on its behalf) has not made any representation or other inducement to it to enter into this agreement, except for inducements expressly set out in this agreement.
- (b) Each party acknowledges and confirms that it does not enter into this agreement in reliance on any representation or other inducement by or on behalf of the other party, except for any inducement expressly set out in this agreement.

### **23.8 Entire agreement**

To the extent permitted by law, this agreement embodies the entire understanding of the parties and constitutes the entire terms agreed upon between the parties, and supersedes any prior agreement (whether or not in writing) between the parties, in relation to the subject matter of this agreement.

### **23.9 Indemnities**

- (a) Each indemnity in this agreement is a continuing obligation, separate and independent from the other obligations of the parties, and survives termination, completion or expiration of this agreement.
- (b) It is not necessary for a party to incur expense or to make any payment before enforcing a right of indemnity conferred by this agreement.
- (c) A party must pay on demand any amount it must pay under an indemnity in this agreement.

### **23.10 Consents**

A consent required under this agreement from a party may be given subject to any conditions, as that party (in its absolute discretion) thinks fit, unless this agreement expressly provides otherwise.

### **23.11 Subcontracting**

TransGrid may engage contractors to undertake the Connection Work or any part of the Connection Work, provided that the engagement of such contractors will not release TransGrid from its obligations under this agreement.

### **23.12 Expenses**

Except as otherwise provided in this agreement or a Preliminary Agreement, each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this agreement.

### **23.13 Stamp duties**

[Insert addition footer text here if required, e.g. Commercial in confidence]

### 23.14 Exercise of rights

A party may exercise a right, power or remedy at its discretion, and separately or concurrently with another right, power or remedy. A single or partial exercise of a right, power or remedy by a party does not prevent a further exercise of that or any other right, power or remedy. Failure by a party to exercise, or a delay in exercising a right, power or remedy does not prevent its exercise.

### 23.15 Remedies cumulative

The rights, powers and remedies provided in this agreement are cumulative with and are not exclusive of the rights, powers or remedies provided by law independently of this agreement.

### 23.16 Publicity

A party may not make press or other announcements or releases relating to this agreement and the transactions the subject of this agreement without the approval of the other party to the form and manner of the announcement or release unless that announcement or release is required to be made by law or by a recognised stock exchange.

### 23.17 Severance

If the whole or any part of a provision of this agreement is void, unenforceable or illegal in a jurisdiction it is severed for that jurisdiction. The remainder of this agreement has full force and effect and the validity or enforceability of that provision in any other jurisdiction is not affected. This clause has no effect if the severance alters the basic nature of this agreement or is contrary to public policy.

### 23.18 No partnership

Nothing contained or implied in this agreement creates any partnership, agency or trust between the parties, and no party has any authority to bind another party in any way.

### 23.19 Inconsistency between agreement and Rules

- (a) If any terms of this agreement are inconsistent with any obligation imposed or right conferred on a *Registered Participant* by Chapter 5 of the Rules and the application of the conflicting terms of this agreement would adversely affect the quality or security of *network service* to other *Network Users*, the provisions of Chapter 5 of the Rules will prevail over the terms of this agreement to the extent of the inconsistency.
- (b) The Customer must comply with the Rules as if it was registered as a *Generator* in relation to the Customer's Facilities.
- (c) If this agreement imposes an obligation on a party and compliance by that party with that obligation would cause that party to breach the Rules then the party need not comply with that obligation to the extent necessary to avoid breaching the Rules.
- (d) Unless expressly provided otherwise in this agreement, the following order of precedence applies in the event of any ambiguity, discrepancy or inconsistency between Applicable Laws, this agreement, the Connection Agreement, the Network Operating Agreement, the Construction Coordination Deed and other agreements relating to the Connection Work and Connection Services between the parties:

[Insert addition footer text here if required, e.g. Commercial in confidence]

- (a) ensuring that the Security Interest is enforceable, perfected and otherwise effective;
- (b) enabling the party benefitted by the Security Interest ("**Benefitted Party**") to apply for any registration, or give any notification, in connection with the Security Interest so that the Security Interest has the priority required by the Benefitted Party; or

### 25.3 Access right

On and from the Commencement Date and during the Term, the Customer must ensure MHC is granted any Easement which is required by TransGrid for securing a permanent right to access the Connection Site and Line Route. The Easements granted under this clause 25.3 will identify the access route agreed between the parties, incorporate the terms of Easement Memorandum [#] and be otherwise on terms reasonably acceptable to TransGrid.

### 25.4 Access right for construction

Without limiting clauses 13, 25.1, 25.2 and 25.3, the Customer grants to TransGrid during the Term a non-exclusive right of access to and over the Land (including the Connection Site and Line Route) for the purpose of exercising its rights and performing its obligations under this agreement and the Construction Coordination Deed.

- (d) without limiting clauses 26.2(a), (b) or (c), the activities comprised within or the service standards applying to any Service materially change due to a change in an Applicable Law; or
- (e) without limiting clauses 26.2(a), (b), (c) or (d), any other event, circumstance or change occurs which materially affects the way in which any of the Services are provided or either party operates its facilities, provided such event, circumstance or change is the result of a change in an Applicable Law,

and that change in circumstances or event will result in a material change in the commercial position of either party, the parties will consider and negotiate in good faith any specific amendment to this agreement requested by a party to take account of that change, event or circumstance so as to substantially return the parties to their respective commercial positions under this agreement prior to that change, event or circumstance.
