CONSTRUCTION NOTICE LETTER

TO: Residents (both sides of streets)

RE: Mt. Lebanon 2017 Road Reconstruction Program

Date: April 25, 2017

Dear Resident,

The Municipality of Mt. Lebanon has contracted with A. Merante Contracting, Inc. to improve certain roads in your neighborhood and work will commence as shown in the project schedule.

The first phase of the program entails that driveways, sidewalks, curbs and/or underdrains on the street may be replaced or reconstructed. This work will require road closures at certain times throughout the project and notices will also be provided for subsequent phases of work including roadway excavation and paving.

We will be starting work at 7:00 AM (M – F) and will finish around 5:00 PM. If you are within the active work zone limits and park your car in your driveway at night, please be sure to move it prior to the 7:00 AM start time.

We understand that this may be a short-term inconvenience and we hope to work together with you in a professional and amicable manner for the long-term improvement of your neighborhood.

You will begin to see utility companies painting the streets and sidewalks and putting little flags in your yard. Please do not remove or alter these marks for the duration of the project. In addition, property owners are encouraged to mark or contact us with any privately owned underground facilities within a couple feet of the curb such as heated driveways, irrigation systems or underground dog fencing. A. Merante Contracting, Inc. cannot be responsible for damage to private utilities if we are unaware of their existence.

At the conclusion of the curb work, we will restore the area behind the curb including lawn restoration. Please water the restored areas as we cannot be responsible to re-restore lawn areas not growing as a failure to water the lawn.

If you have any questions regarding this notice or the road construction project, feel free to contact A. Merante Contracting at the above address or at (412) 884-4485. Thank you for your patience and cooperation during this project.

Sincerely,

Jonathan W. Hoffman
Project Manager
