You should not invest in unquoted loans notes/bonds if you do not understand or are not comfortable with the extent of your exposure to the risks. You should carefully consider whether such investments are suitable for you in light of your experience, objectives, risk appetite, financial resources and other relevant circumstances.

References in this Declaration to the 'Scheme Administrator' and the 'Trustee' are to the Scheme Administrator and Trustee of the SIPP as set out in section 1.

- (a) I confirm that I have read and accepted the Specialist Investments (also known as Non-Standard Investments) Guide for Clients and Advisers.
- (b) I confirm that the information provided in this questionnaire is true, accurate, and complete and can be used by the relevant company within James Hay Partnership for the purposes of investment made by a registered pension scheme of which they act as Scheme Administrator/Trustee.
- (c) I accept that if the investment proceeds on the basis of the information provided by me in this questionnaire and such information is not true, accurate and complete, that this may result in the imposition of an unauthorised payment charge, unauthorised payment surcharge, scheme sanction charge or other tax charge or penalty on the SIPP by HM Revenue & Customs ("Tax Charge"). In the event that there are insufficient funds within the SIPP to meet a Tax Charge, I agree to reimburse the Scheme Administrator of the SIPP against any such Tax Charge on demand.
- (d) I agree that the Scheme Administrator and the Trustee will not be liable for any Tax Charge in connection with this investment.
- (e) I confirm that I have sought financial advice in relation to the investment from a regulated financial adviser and have not received advice from the Scheme Administrator.
- (f) If the Scheme Administrator requires advice in order to approve the investment, fees for such advice may be incurred with my prior agreement, and will be paid out of the SIPP. I accept that the Scheme Administrator may decline to proceed with the investment if I do not agree to the fees being incurred and that even if fees are incurred this does not mean that the investment will necessarily be approved.

- (g) I accept that in addition to any indemnities conferred on the Scheme Administrator and the Trustee by law, the Scheme Administrator and the Trustee will not be liable for any act or omission by me in relation to this investment.
- (h) I agree to indemnify the Scheme Administrator and the Trustee against any claims, costs, actions or demands in relation to this investment.
- (i) I accept that the liability of the Scheme Administrator and the Trustee in connection with this investment shall at all times be limited to the value of the assets held within the SIPP, save where the Scheme Administrator and/or the Trustee acts in breach of trust or either firm's liability results from the wilful default, negligence or fraud on the part of its officers(s) or employee(s).
- (j) I accept that loan notes are a very high risk investment and I may lose all of the money invested. I am aware that there is not an official market for the loan notes which might make them difficult to sell. I am also aware that if the company fails to make any interest or principal repayments, or the company doesn't perform as expected, the loan notes might be unattractive to any prospective buyer which might make them difficult to sell. I fully accept that these and other risks may adversely affect the value of my investment and the company's financial position and fully accept the risk in making the investment.
