

March 7, 2012

Mr. Reid Nelson, Director
Federal Agency Programs
Advisory Council on Historic Preservation
1100 Pennsylvania Avenue
Suite 803
Old Post Office Building
Washington, DC 20004

SUBJECT: TRANSMITTAL OF SIGNED MEMORANDUM OF AGREEMENT

Dear Mr. Nelson:

Enclosed for your records is the signed Memorandum of Agreement (MOA) between the U.S. Nuclear Regulatory Commission, the Michigan State Historic Preservation Officer (SHPO), Detroit Edison Company (DTE), and Monroe County Community College (MCCC) regarding the demolition of the Enrico Fermi Atomic Power Plant, Unit 1 (Fermi 1) facility located in Monroe County, Michigan.

Please note that this signed MOA differs from the version enclosed in the letter to you from Mr. Brent Clayton dated October 13, 2011, as follows:

1. In Stipulation II, DTE will now consult with MCCC (vs. the American Nuclear Society) and other interested parties in establishing the Fermi 1 exhibit, which will be established within 2 years of the execution of the MOA.
2. The second paragraph in Stipulation III is new.
3. The first sentence in Stipulation V is new.
4. MCCC is now an invited signatory.

These changes were made at the request of Brian Grennell of the SHPO's Cultural Resource Management & Planning Section after the MOA was sent to seven potentially interested parties. None of the potentially interested parties had comments or suggested changes to the MOA.

If you have any questions or require additional information, please contact Mr. John Fringer, Environmental Project Manager, at (301) 415-6208, or via e-mail at John.Fringer@nrc.gov.

Sincerely,

/RA/

Scott C. Flanders, Director
Division of Site and Environmental Analysis
Office of New Reactors

Docket No.: 52-033
Enclosure:
As stated
