

# Rebuttal Letter

Dear Editor,  
Current Medical Imaging Reviews

We express our cordial gratitude for the valuable and constructive review of our paper. The reviewers' comments have helped us to further strengthen the overall quality of the paper. With utmost care, we have incorporated all the suggestions/corrections as proposed by the reviewers. The specific responses to the reviewer's comments are listed below.

**Comment 1:** Does the title represent manuscripts contents? No

**Response:** The manuscript title has been updated and now it is more meaningful.

**Comment 2:** It is generally well written except some minor mistakes. There are some careless spelling mistakes which should be avoided. The part I of introduction should be further simplified.

**Response:** As suggested by the reviewers, the manuscript is thoroughly checked for spelling. The part I of the introduction has also been updated and now is simplified.

Sincerely,

Anuj Kumar
