

Print Audit

Installation and Training Services

When it comes to deploying a print management solution, you are not alone. Print Audit's Installation and Training Services offers a consultative approach to site preparation, installation services, and training.

Our experience and skills will:

- *provide a turnkey solution*
- *expedite deployment*
- *facilitate productivity*
- *supply all the training and support your team needs.*

"The service provided by Print Audit has been very good. They have taken the time to explain what needs to be done and have stayed on the job until it has been completed with minimum disruption to the office."

Patricia Ginger, Office Manager
Silverado Community Management Services

Implementation and support

Managing all aspects of an enterprise software deployment can be a great challenge for any team who is juggling multiple priorities and projects. And the progress and ultimate success of an implementation reflects directly on your team.

We can lend remote assistance or provide complete onsite support in order to:

- *manage the project from start to finish*
- *prevent needless inconvenience to end users*
- *allow your technicians to focus on other projects.*

Coaching and education

Print Audit has carefully developed an array of education programs. Our curriculum equips IT staff, technicians and office equipment sales professionals with the information and tools they need to ensure their continued success with print management.

Technical training

No two organizations are alike and no implementation is predictable. Make sure you are prepared to handle the unique requirements that may arise.

Print Audit technical training ensures that your technicians are able to:

- *plan an implementation,*
- *install and configure the solution,*
- *troubleshoot issues.*

Sales coaching

Research and experience in print management has enabled us to create specialized sales coaching programs for office equipment providers. These courses are designed to help increase profitability by providing:

- *the ability to identify hidden opportunities,*
- *skills to design a unique offering,*
- *tools to knock out competitors,*
- *strategies to increase revenue opportunities from both new and existing customers.*

Convenient online courses will help get your staff quickly up to speed. And for more in-depth coaching, we offer comprehensive on-site classroom programs. Contact Print Audit Installation and Training Services team to find out which courses are best suited for your team.

"...Print Audit was the ONLY company that supplied a product that met all of my tracking needs, had a sales representative that worked with me every step of the way and a technician that assisted me in setting up Print Audit to meet our specific needs and desires."

Dawn Johnson, Office Manager
